

Lane Cove Public School

Works notification | 15 November 2023

Dear staff and parents/carers,

We are replacing damaged partition walls in the female bathrooms of Building 3 at Lane Cove Public School. The partitions contained asbestos. As part of this work, asbestos containing material within the partition walls will need to be removed.

The bathrooms are out of use and the areas have been fenced off.

Work to replace the damaged partition walls will take place from Saturday 18 November 2023. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The areas will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before either room is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
