Lennox Head Public School relocation

Project Update | May 2024

Investing in our schools

As part of the NSW Government's plan to rebuild essential services, the 2023-24 Budget is delivering a record \$8.8 billion for new and upgraded schools. This targeted investment in growing communities will ensure working families get access to a world class public education.

Project overview

We are planning for the construction of new Lennox Head Public School facilities at the corner of Snapper and Montwood Drives, to provide more permanent classrooms for the local community and cater for growth in the local area. The project will provide classrooms to support high-quality teaching and learning, and new core school facilities including a hall, library, canteen, and outdoor areas.

Progress summary

The concept design for the new school has now been developed and we have started the statutory planning process which will tell us the specialist reports that are needed to inform the planning application for the project.

Community Information Sessions

Join us at a Community Information Session to find out more about the Lennox Head Public School relocation project and talk with representatives from the school and infrastructure teams. The sessions are 'drop-in' style so you can visit at any time during the opening hours.

Date: Wednesday 5 June 2024

Venue: Lennox Head Public School Hall, 25 Byron St, Lennox Head

Times: 9:00 to 10:00 am 2:30 to 4:00 pm 5:30 to 7:00 pm

After the event, materials from the sessions will be published to the project page on our website which you can access at <https://edu.nsw.link/LennoxHeadPS-Info-June> or by scanning the QR code. If you have any questions, you contact us at schoolinfrastructure@det.nsw.edu.au.
