

Lennox Head Public School relocation and new public preschool

Project update | May 2025

Example of a new classroom in NSW

Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$1.4 billion for new and upgraded schools in regional NSW. This targeted investment will ensure growing communities get access to a world class public education.

Project overview

A project is underway to provide more permanent classrooms for the local community by relocating Lennox Head Public School to new facilities on a new site. A new public preschool will also be built on the same site to provide expanded access to early childhood education.

Public exhibition of the planning application

We are in the final stages of preparing the planning application for the project. The planning application will be placed on exhibition in late May or early June 2025 so the community and stakeholders can view and provide comments. We will notify the community when the application is available to view online.

More information

You can find more information at <https://edu.nsw.link/LennoxHeadPS> or by scanning the QR code. You can also contact School Infrastructure during business hours on the contact details below.

Community information session: Tuesday 20 May 2025

Ahead of the public exhibition of the planning application, you are invited to attend a community information session to find out more about the planned development and speak to the project team.

Session time: 3:30 to 5:30 pm

Location: Lennox Head Public School Hall

You can drop in at any time during the information session. If you are unable to attend, resources shared at the information session will be made available afterwards.
