

Lidcombe Public School

Works notification

July 2020

Notification of the use of a crane to remove demountable buildings.

A final part of the upgrade of Lidcombe Public School is the removal of a number of demountable buildings from the school from Monday 6 July 2020 to Saturday 18 July 2020 during the school vacation period.

A crane will enter school grounds from Mills Street and Keating Street to lift the demountables and place them onto trucks, removing them from the school.

The work will occur between 7:00am and 5:00pm, weather permitting.

Traffic management will be in place (as shown below) where required for the safety of the local community and workers.

The Department of Education will make every effort to minimise disruption to the community during this work.
