NSW Department of Education, School Infrastructure NSW
Level 8, 259 George Street
SYDNEY NSW 2000

Dear Robin,

**RE: 100 Eton Road Lindfield
SSDA - the whole development for stage 2a, 2b and 2c(excluding significant
Heritage Fabric demolition, Biodiversity, Public Domain, and Performance Reports for
Fire Engineering and Accessibility)**

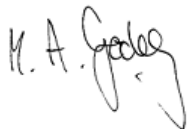

Please find enclosed your **Crown Approval Certificate number- 20000325/2**. Please keep a copy of this approval and the stamped approved plans associated onsite throughout the course of the development works.

This Crown Certificate permits the construction works associated with stage 2a, 2b and 2c (excluding Biodiversity, Public Domain, and Performance Solutions Report for Fire Engineering and Assessibility) to proceed in accordance with endorsed plans.

A set of stamped plans has been provided and must be kept on site at all times. This is particularly important, as the Building Inspector may not have access to the approved drawings for the inspection. If you require extra sets of stamped drawings, we will be pleased to assist.

If you have any queries, please do not hesitate to contact the undersigned.

Yours faithfully,

Mike Gooley
Director
Modern Building Certifiers
