

Lindfield Learning Village

Day 1 Term 1 2021

Learning space at Lindfield Learning Village

Welcome to your school

Stage 2 of Lindfield Learning Village is being delivered in three phases and is expected to be completed by Day 1 Term 1 2022. The first phase is complete, providing facilities to accommodate a total of up to 750 students.

Key features of Stage 2 include:

refurbishment
of the existing
buildings

internal fit out
works, delivered
in phases

new kiss and
drop and bus
access

new covered outdoor
learning area (COLA) and
additional play space

repurposing of the existing lecture
theatres into new drama and music
teaching theatres

additional specialist
and technical
learning spaces

relocation of Aurora College to
Lindfield Learning Village

Thank you for your patience during construction. We are thrilled to deliver this stage of the project for your school community, and look forward to completing the project.

Driving children to school

Parents and carers will still be able to drive their children to school, however, parking arrangements have changed to accommodate the ongoing works on site.

The kiss and drop area is located in the upper car park. Access to the school, car park and kiss and drop area is via 100 Eton Rd, Lindfield. Please refer to map below.

Public Transport

The 565 Chatswood to Macquarie University service travels from Lindfield and Roseville Stations to the Eton Road Bus Stop outside the school (7 minute ride from Lindfield Station). A map of the bus route can be found here: transportnsw.info/routes/details/transdev-nsw/565/34565

There are two train stations within walking distance of the school. Lindfield Station, which is located 2.2km from the school (27 minute walk) and Roseville Station, which is

located 2.1km from the school (25 minute walk). Both are along the T1 North Shore/T9 Northern Lines.

Use the NSW Transport trip planner to help plan your trip: transportnsw.info/trip

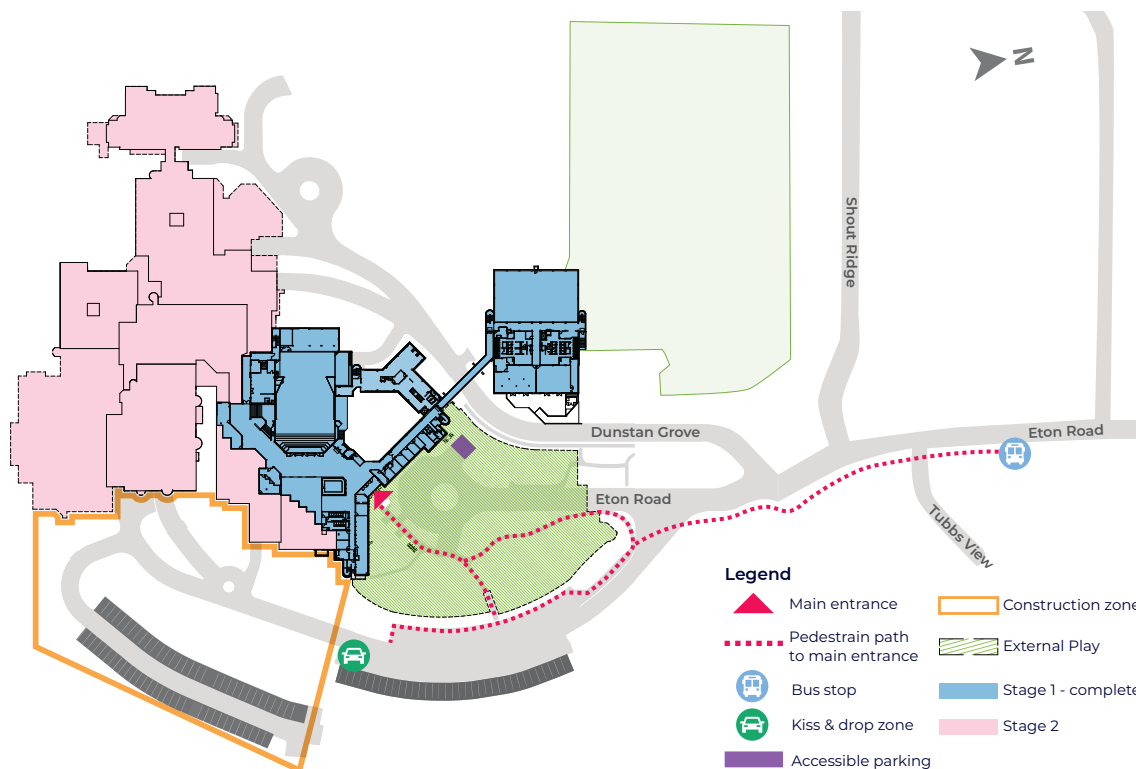

Building impacts & safety

Some parts of the school will remain under construction during 2021. Students and teachers will be separated from these areas to ensure their safety.

Construction workers will not have access to teaching and learning spaces and play areas. Where possible, noisy works and site deliveries will occur outside of school hours to minimise disruptions to staff and students.

The health, safety, and well-being of the school and the local community is our highest priority.

We will continue to keep the school and local community informed as the project progresses.
