

Pacific Highway - Lindfield

Works notification

June 2021

To improve traffic flow from the Pacific Highway into Grosvenor Road at Lindfield, minor roadworks are being proposed to extend the right turning lane.

Night-time site investigation of Pacific Highway from 7-10 June 2021

The first step of this minor road project will be a site investigation of the Pacific Highway between Grosvenor Road and Gladstone Parade, which will help inform the overall design.

This investigation will start on 7 June 2021 and take approximately four days to complete. To minimise any impact to traffic, the work will be undertaken at night, between 8:00pm-5:00am. Traffic control measures will be in place.

These investigative works will include locating existing utilities and checking on the pavement depths and structure. Residents may experience machinery noise during these night works.

Subject to approval, the main roadworks will occur during the second half of 2021.

These works form part of the overall Lindfield Learning Village Stage 2 project, as they will assist with traffic flow between the school in Eton Road and the Pacific Highway.

Thank you for your patience while we deliver this beneficial project for the community.
