

Lindfield Learning Village – stage two

Project update

June 2021

Investing in our schools

The NSW Government is investing \$7.9 billion over the next four years, continuing its program to deliver 215 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

School Infrastructure NSW is currently delivering Stage 2 of Lindfield Learning Village. This stage will provide additional specialist and technical learning spaces, as well as a senior home base focusing on specialised expertise and wellbeing support to transition students between school and their first post-school destinations.

Key features of Stage 2 included:

- refurbishment of the existing buildings
- internal fit out works
- new kiss and drop and bus access
- new covered outdoor learning area (COLA) and additional play space
- repurposing of the existing lecture theatres into new drama and music teaching theatres

Progress summary

Stage 2 was delivered in three phases. This first phase of Stage 2 was completed for Day 1 Term 1 2021. Phase 2 was completed in April 2021, with Phase 3 due to be completed and ready for use in mid-2021.

Facilities delivered as part of Phase 2 and 3 include:

- additional learning spaces
- repurposing existing lecture theatres into new drama and music teaching theatres
- facilities for the relocation of Aurora College
- new kiss and drop and bus access
- landscaping and play space.

External works to extend the right-hand turning bay from the Pacific Highway to Grosvenor Road is in planning and is due for completion in early 2022.

New kiss and drop

The new kiss and drop will operate entirely on school grounds. Parents and carers will now be able to safely drop and pick up their students in the secure southern area of the school adjacent to the COLA. The new kiss and drop is fitted with a licence plate recognition system that will log cars as they enter and assist the school with having each student ready to be picked up when their parent or carer arrive.

Bus turnaround

The School is working with Transport for NSW to open the new bus loop at Lindfield Learning Village. When open this will allow students to be dropped off and picked up by buses in the old kiss and drop area, removing the need to walk across Eton Road to the bus stop up the street and improving safety for public transport journeys.
