

Liverpool Boys and Girls High School upgrade

Works notification | 17 December 2024

As part of the NSW Government's plan to rebuild essential services, a project is underway to deliver a new co-educational high school in Liverpool by bringing together the existing Liverpool Boys and Liverpool Girls High Schools, following extensive consultation with the community.

Site investigations

As part of our planning, we will conduct geotechnical site investigations at Liverpool Boys High School and Liverpool Girls High School during the upcoming school holidays.

The work will begin on **Tuesday 7 January** and is expected to take four days to complete (weather permitting). Working hours will be **7 am to 4:30 pm, Monday to Friday**.

The investigations will help us to understand ground conditions and will involve creating a small number of boreholes across these sites.

As part of these works, a drilling rig and excavator will be brought on site. We will use a drilling rig to make these holes, which is roughly as loud as a commercial lawnmower. Each excavation site will then be backfilled and reinstated.

We will work to ensure that all works are carried out safely and efficiently and will minimise impacts to the community at every opportunity. Thank you for your patience while we deliver this important school infrastructure.
