

## New public school in Liverpool

Project update

October 2020

### Investing in our schools

The NSW Government is investing \$6.7 billion over four years to deliver more than 190 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

### Project overview

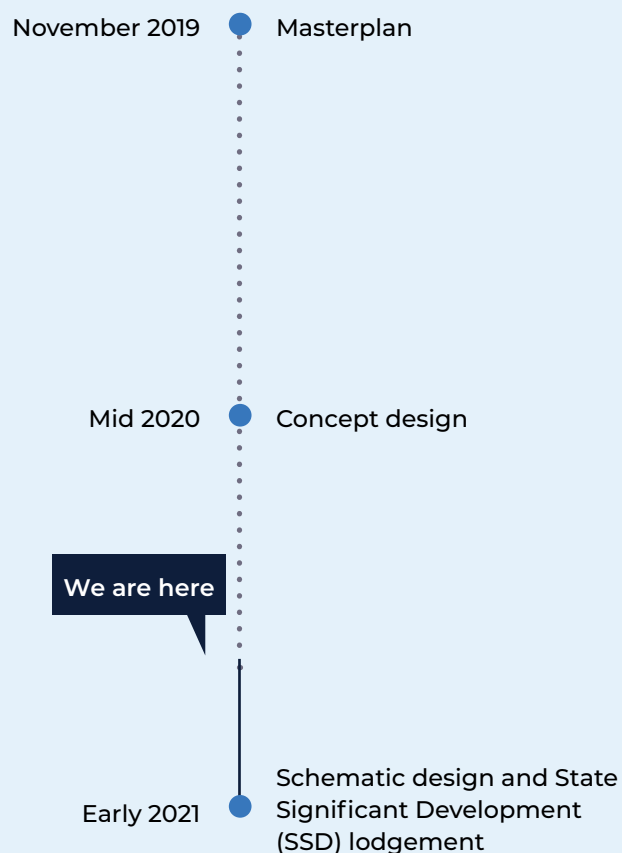

Planning is underway to build a new primary school for Liverpool on the grounds of the existing Liverpool Boys and Girls High School to cater for projected growth.

The project proposes to deliver new flexible learning spaces, core facilities, and open spaces.

The new school will help cater for the fast-growing school age population in the Liverpool area.

Further planning will inform the size of the school, extent of work, any potential staging requirements, and take into consideration future student enrolment projections.

### Significant milestones

### Indicative site plan

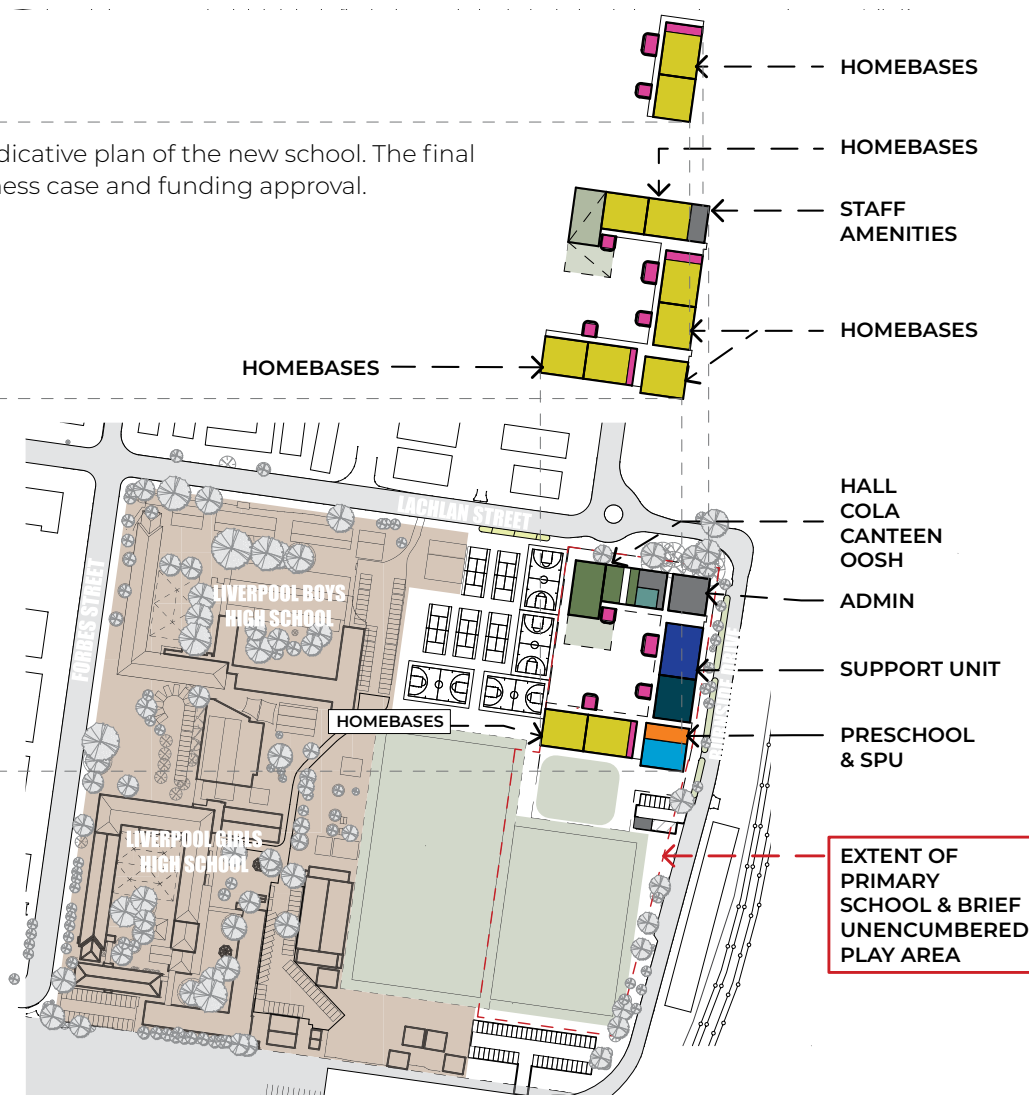

## SECOND FLOOR

Note: The image shows an indicative plan of the new school. The final scope will be subject to business case and funding approval.

## FIRST FLOOR

## GROUND FLOOR

-  HALL & OSHC
-  CANTEEN
-  LIBRARY
-  ADMINISTRATION & STAFF
-  HOMEBASES
-  SPECIAL PROGRAMS UNIT
-  CIRCULATION & AMENITIES
-  SUPPORT UNIT
-  PRESCHOOL
-  BUS PICK UP & DROP OFF
-  PARENT PICK UP & DROP OFF

## Frequently asked questions

## What kind of school will it be?

The new primary school will be for students in grades Kindergarten to Year 6 inclusive. It will offer modern facilities to foster innovative teaching methods. Special education support classes are also included.

### Do I live in the catchment area?

The school catchment area will be finalised as the project progresses. We recommend you visit <https://education.nsw.gov.au/school-finder> to find your current school catchment.

### When can I enrol my child into the new school?

The school will be open for enrolments as the project nears completion. We will keep local residents informed as the project progresses and the department will inform the community when the school begins taking enrolments.

### What does a State Significant Development (SSD) application include?

The SSD application is submitted to the Department of Planning, Industry and Environment and will consist of an Environmental Impact Statement including:

- A heritage impact statement and assessment
- A transport and accessibility impact assessment
- Assessment of noise and vibration impacts
