

Mainsbridge School

Main works completed

Mainsbridge School

The relocation of Mainsbridge School to be alongside the existing Warwick Farm Public School is now completed. The project has delivered:

20 permanent learning spaces

New life skills spaces

A two-storey library with multimedia areas

A new shared multipurpose hall

Practical activity spaces

A shared sports field

An indoor hydrotherapy pool and change room facilities

New flexible learning space at Mainsbridge School

Hydrotherapy pool at Mainsbridge School

Message from the Principal

On behalf of the Mainsbridge School learning community, I am very pleased that our exciting new school has now been fully completed. The investment in the school has provided our students and staff with modern and attractive facilities, and opportunities for innovative learning.

The new spacious and well-resourced facilities such as the library, classrooms and new hall provide spaces designed for our students specific needs. Shared spaces such as the hall and the sports field with Warwick Farm Public School have connected our communities and enabled integration opportunities for all students across both schools.

From the hydrotherapy pool, to the life skills learning spaces, Mainsbridge School is a place where our students are supported in becoming active members of their community and will be a place they can make many school memories.

It has been a pleasure to have been involved in such a building project. From planning, design, construction and delivery, the Mainsbridge School and the community have patiently watched our school transform.

Nicole Katen,
Principal

Thank you

We would like to thank you for your patience as we have delivered this upgrade to the school. Your support and cooperation have made it possible for us to deliver these new facilities for the students and staff of Mainsbridge School.
