

Manly Village Public School upgrade

Completion Pack – February 2025

Manly Village Public School and surrounds from above

Welcome to your upgraded school

We are excited to announce that the final construction works for the Manly Village Public School upgrade are complete and all areas are open for use.

This project has delivered:

upgrades and refurbishment of 4 existing buildings

6 new classrooms including a special programs space

upgraded outside of school hours (OOSH) care facilities

increased accessibility

new administration spaces and staff amenities

heritage façade refurbishment

Thank you for your patience during the upgrade. We are thrilled to have delivered this project for the Manly Village Public School community.

Refreshed school frontage for Building D

Accessible ramp entry between buildings C and D

Message from your Principal

We are excited about this upgrade to our school, and we hope you will agree that the result enhances our mission to be accessible, inspiring and welcoming to all students in our community.

This project has upgraded and refurbished a total of 4 existing buildings, including 6 classrooms, and improved accessibility with new ramps and a new lift. The upgraded outside of school hours (OOSH) care facilities will ensure we can meet the needs of our families for many years to come.

The final stage of the project involved refurbishment of buildings A and B, including converting the previous administration area to a special programs classroom on the ground floor of Building A.

These improvements were carefully planned to consider the unique heritage features of the school, while ensuring the school will continue to cater for the needs of the community for the coming decades. Our school is proud of its history dating back to 1858, and we are delighted with the new and upgraded learning environments and facilities.

Manly Village Public School is committed to providing each student with a high quality, balanced, stimulating, and challenging program in a secure, supportive and caring environment. The completion of these new facilities will allow us to continue providing all of this and more.

I would like to thank the community – students, staff, parents and residents for their patience during construction. I am sure that you will be as impressed with the outcome as we are.

Kind regards

Mark Gigli
Principal
Manly Village Public School

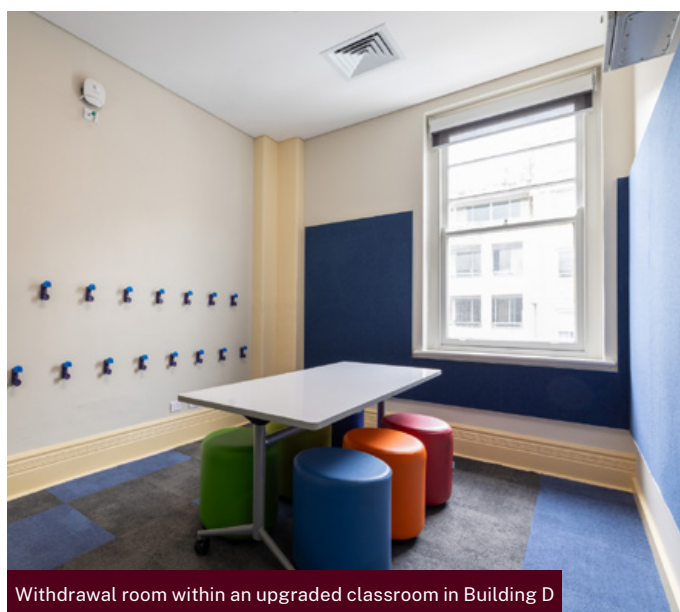

Upgraded classroom in Building D

Level 1 hand wash facility and staff storage area in Building D

New lift installed in Building C

Withdrawal room within an upgraded classroom in Building D

Upgraded classroom in Building D

Refurbished entrance to Building C

Thank you

Thank you for your patience during the upgrade to Manly Village Public School. Your support and cooperation have been invaluable and made it possible for us to deliver these new facilities for students and staff.

Building better schools

We are continuously improving the way we build schools.

Later this year we will share a survey link about the school upgrade.

Your feedback, ideas and suggestions will help inform the way we plan, design and build future schools so that they best support high quality teaching and learning.
