

Meadowbank Education and Employment Precinct

Works notification | 13 June 2023

Schools at the Meadowbank Education and Employment Precinct | Public Domain Improvements

We are delivering a package of Public Domain Improvement works that will assist teachers, students and visitors to access the new school buildings, as well as improve the amenity of the local area.

The Public Domain Design has been developed in collaboration with City of Ryde Council and Transport for NSW (TfNSW) as the Authority Regulator.

Hermitage Road

The works on Hermitage Road include constructing a new footpath on the western side of the road. These works are a significant part of the broader Public Domain Improvements being delivered.

Tree investigation and arborist assessment works are now being planned for Monday 19 June until Friday 23 June between 7 am and 5pm. These works include assessing existing trees and their proximity to a proposed retaining wall prior to site establishment.

Traffic, parking and access changes

There will be temporary changes to parking on the western side of Hermitage Road near the corner of Rhodes Street. Approximately four car spaces will be unavailable during the works.

Traffic controllers will be on site for the duration of the works to safely direct pedestrians and vehicles.

This work is required to help ensure the safe movement of pedestrians and traffic on Hermitage Road and Rhodes Street and will be completed in line with the design developed in consultation with and endorsed by City of Ryde Council and TfNSW.

Please refer to the map overleaf for details of these temporary changes.
