

Meadowbank Education and Employment Precinct

Works notification | 30 May 2023

Schools at the Meadowbank Education and Employment Precinct | Public Domain Improvements

We are delivering a package of Public Domain Improvement works that will assist teachers, students and visitors to access the new school buildings, as well as improve the amenity of the local area.

The Public Domain Design has been developed in collaboration with City of Ryde Council and Transport for NSW (TfNSW) as the Authority Regulator.

Mellor Street, near the corner of Macpherson Street – Stage 2 works

The works on Mellor Street form part of the broader Public Domain Improvement. Stage 1 works were completed earlier in 2023 and included:

- amendment to the footpath on either side of the crossing, including the installation of new ramps
- installation of new traffic islands
- removal of rumble bars
- new signage and make good landscaping works.

Stage 2 works are now being planned for between Monday 5 June and Tuesday 30 June between 7 am and 5pm depending on weather. Stage 2 works will include:

- installation of two new streetlights for the new crossing and replacement of existing streetlights
- painting the crossing on the street
- tree trimming.

To safely complete the works Ausgrid will be temporarily interrupting the electricity supply between 7 am and 5 pm on Saturday 17 June 2023. Properties impacted by the temporary interruption will be notified directly by Ausgrid.

Traffic, parking and access changes

There will be changes to pedestrian and vehicle access near the intersection of Mellor and Macpherson Street as part of these works, including:

- Traffic control to ensure the safe movement of pedestrians and traffic. Any temporary changes to traffic movements or parking will be clearly signposted and monitored by traffic controllers.
- Impacts to parking and traffic movement in the direct vicinity of the works.
- As previously advised, permanent loss of two car spaces on the eastern side of Mellor Street and three car spaces on the western side of Mellor Street once the pedestrian crossing is complete.

Please refer to the map below for details of these temporary changes.
