

# Meadowbank Education and Employment Precinct

Works notification | 26 April 2024

## Public domain improvements

We are delivering a package of public domain improvement works that will assist students, school staff, and visitors to access the new school buildings, as well as improve the amenity in the local area. The safety of students, school staff and the local community is our highest priority.

### Hermitage Road

Works for the new footpath on the western side of Hermitage Road have started. The relocation of new Ausgrid power poles, Jemena gas line and NBN cables are now complete.

### Upcoming works

Works previously scheduled for Tuesday 9 April 2024 to enable water connection to Sydney Water infrastructure had to be postponed due to inclement weather. These works are now scheduled for Thursday 2 May.

This means that Sydney Water will need to undertake works that may impact water supply between 8 pm and 4 am on Thursday 2 May. Sydney Water has issued a separate notification to affected properties.

Once these works are complete, work on the new footpath on the western side of Hermitage Road will continue.

### Traffic, parking and access changes

As previously advised, there will be changes to pedestrian and vehicle movements along Hermitage Road from Victoria Road to Rhodes Street during the works. This includes:

- traffic control to ensure the safe movement of pedestrians and traffic
- temporary changes to traffic movements or parking, which are clearly signposted and monitored by traffic controllers
- restrictions to parking and traffic movement near where the works are taking place.

Standard working hours will continue from Wednesday 10 April 2024. Work will take place between the hours of 7 am to 6 pm Monday to Friday and 8 am to 1 pm on Saturdays. No work will take place on Sundays or public holidays unless otherwise advised.

Please refer to the map overleaf for details of where these temporary works are occurring.

The map below shows the location of the public domain works in red.
