

Meadowbank Education and Employment Precinct

Summer Works Notification | December 2021

Project overview

A project is underway to relocate Meadowbank Public School and Marsden High School to the Meadowbank Education and Employment Precinct, following the construction of new facilities. The new schools will be open from Term 2, 2022.

A new Multi-Trades and Digital Technology Hub, along with a multi-storey car park is being constructed at TAFE NSW Meadowbank campus. Construction is scheduled for completion in late 2022.

The technology-focused campus will sit alongside the new primary school and high school facilities to form the Meadowbank Education and Employment Precinct.

Progress summary

Meadowbank Schools:

The complete structure of the new school facilities is now in place and fit out of all rooms and areas of the buildings is continuing as the school prepares to welcome students and teachers in Term 2, 2022. Recreational facilities for both schools are now underway including the multi-use courts, high school running track and flooring of the high school gymnasium

Meadowbank TAFE

There has been significant progress in construction, with the structure of the Multi-Trades and Digital Technology Hub and the multi-storey carpark now complete. Roof sheeting has been completed in the south wing of the Multi-Trades and Digital Technology Hub and is now progressing on the northern wing. Work on the façades is underway, and the internal fit out has commenced, with the Hub now starting to take shape.

Summer Work

Works on the Meadowbank Schools site include:

- Completion of construction of the public domain improvement works by the end of the year. Finishing works, including line marking, lighting and landscaping will continue into the new year.
- Internal fit out of the school facilities and landscaping of external areas.
- Installation of recreational courts, covered outdoor learning areas.

Works on the Meadowbank TAFE site include;

- Demolition of buildings C, D and E, as well as associated structures including sheds, footpaths and driveways. A separate construction notice will provide detailed information about this work.
- Internal fit out of the multi-trades and Digital Technology hub.

No construction work will take place on either the Meadowbank Schools or Meadowbank TAFE site during the Christmas and New Year period as follows:

- **Meadowbank Schools:** The construction site will be closed from Friday 24 December 2021, with work resuming from Wednesday 5 January 2022.
- **Meadowbank TAFE:** The construction site will be closed from Thursday 23 December 2021, with work resuming from Tuesday 4 January 2022.

TAFE SSSA Modification Application – Multi-storey car park

On 25 August 2020, the Minister for Planning and Public Spaces granted consent of the State Significant Development application (SSD 10349) for the project, which included construction of a two-storey car park with three levels of parking for 241 cars.

TAFE NSW has submitted a proposed modification to SSD 10349 to the Department of Planning, Industry and Environment (DPIE) to build an additional two levels to the car park, which would result in an increase to a four-storey car park, with five levels of parking.

The modification is proposed as it is anticipated the additional dedicated car parking spaces for TAFE students, teachers and visitors would relieve parking demand on local streets in the area.

It is expected that the proposed modification will be placed on public exhibition during December 2021. A notification advising of the dates of the public exhibition will be distributed by DPIE and information will be available through the DPIE website on the Major Projects portal.

Contact us

If you have any queries or concerns about this project you can contact School Infrastructure NSW during business hours on 1300 482 651. School Infrastructure NSW will be closed from 5pm Friday 24 December to 9am Monday 10 January inclusive.

For any urgent queries or concerns about construction during this period, please contact our builder via the site manager's contact details on the main construction gate signage. In an emergency, call triple zero (000).
