

Meadowbank Education and Employment Precinct

Works Notification

10 September 2021

Schools at the Meadowbank Education and Employment Precinct | Public Domain Improvement Works – Night Works

Dear neighbour,

We are delivering a package of public domain improvement works that will assist teachers, students and visitors to access the new school buildings, as well as improve the amenity in the local area.

The first stage of these works is underway on Rhodes Street, between Hermitage Road and Mellor Street and will be ongoing until 26 October 2021. These works require parking changes and lane closures under traffic management.

Night works

As previously notified, some intermittent works are required to be undertaken at night on kerb and gutter installation, driveway installation, and road resurfacing.

The work must occur at night time to ensure the safety of footpath and road users and to minimise the impacts on local traffic during daytime hours. For these reasons, we have received approval from the Department of Planning, Industry and Environment to carry out the night works listed below.

Night works will take place on the following dates and times:

- Between 6pm and 5am on Friday 17 September and Saturday 18 September 2021, between Mellor and Hermitage Road.
- Between 6pm and 9pm on Friday 24 September 2021, on Rhodes Street, near Mellor Street.
- Between 6pm and 5am on Friday 1 October and Saturday 2 October 2021, on Rhodes Street, near Mellor Street.
- Between 6pm and 5am on Monday 4 October and Tuesday 5 October 2021, on Rhodes Street, near Mellor Street.

These works will include intermittent periods of high noise during saw cutting, excavation and jackhammering. High noise activities will be scheduled before 11pm wherever possible.

We apologise for these disturbances and thank you for your ongoing cooperation during this important work.
