

# Schools at the Meadowbank Education and Employment Precinct

Project update | October 2021

## Investing in our schools

The NSW Government is investing \$7.9 billion over the next four years, continuing its program to deliver 215 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

## Project overview

A project is underway to relocate Meadowbank Public School and Marsden High School to the Meadowbank Education and Employment Precinct, following the construction of new facilities. The Meadowbank Education Precinct will cater for 1000 primary school students, 1500 secondary school students and a further 120 Intensive English Centre students. The new school facilities will house the separate primary school and high school in multilevel, multipurpose buildings with play spaces and landscaped areas.

## Relocation to the new school facilities

Meadowbank Public School and Marsden High School will move to the new school facilities at Rhodes street from Term 2, 2022. The challenging circumstances throughout the evolving Covid-19 restrictions have had impacts across the construction industry and the delivery of our projects. The relocation was originally planned for the start of 2022. While this delay is unavoidable, the teams are working hard to deliver the new facilities.

### **Meadowbank Schools virtual information room**

You are invited you to visit a virtual information room to learn more about the new school facilities. You will be able to view information boards, download information packs, ask questions, and leave feedback for the project team.

The virtual information room will now be available **from 9am Monday 25 October to 5pm Sunday 31 October 2021**. The date has been adjusted since our last project update to provide confirmation of the relocation date. The virtual room will be available 24 hours a day while it is open. You will be able to access the virtual room via the Meadowbank Schools project webpage: [www.schoolinfrastructure.nsw.gov.au/projects/p/meadowbank-education-and-employment-precinct](http://www.schoolinfrastructure.nsw.gov.au/projects/p/meadowbank-education-and-employment-precinct).

### **Information packs**

Information packs will provide more detailed information about the new school facilities, transport and access arrangements, and answers to frequently asked questions. More information will be provided in the lead-up to the move to the new school facilities in Term 2, 2022. This will include information about specific local bus routes, site tours, and plans for the first day of school at the new location

### **Contact us**

Should you have any questions or comments about the project, please contact us via email at [schoolinfrastructure@det.nsw.edu.au](mailto:schoolinfrastructure@det.nsw.edu.au) or phone on 1300 482 651.
