Milperra Public School

Project update | June 2022

Investing in our schools

The NSW Government is investing \$7.9 billion over the next four years, continuing its program to deliver 215 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

A project is underway to deliver a new hall at Milperra Public School. The new school hall will include a stage and storage facilities, while the existing hall will be repurposed as part of a separate project.

The project is on track to be delivered by mid-2022.

Progress summary

Construction of the new hall at Milperra Public School is progressing well. In the past few months, the contractor has:

- installed insulation, roofing, windows, and solar panels,
- completed the internal and external brickwork, and
- started to install plumbing, communication, security, and electrical services.

Next steps

The contractor will install the metal wall cladding, doors, and timber flooring before starting the joinery for the stage. The stormwater detention tank will be installed by early July.

Working hours

Working hours are Monday to Saturday, 7 am to 5 pm. No work will occur on Sundays or public holidays, unless otherwise advised. Please note that works on the service conduit and pathway upgrades will happen outside of school hours.

Thank you for your patience while we deliver this important school infrastructure.
