

Millthorpe Public School

Summer holidays works notification | 12 December 2023

Investing in our schools

As part of the NSW Government's plan to rebuild essential services, the 2023-24 Budget is delivering a record \$8.8 billion for new and upgraded schools. This targeted investment in growing communities will ensure working families get access to a world class public education.

Project overview

A project is underway to upgrade Millthorpe Public School to provide students with the latest educational facilities and support the growing local community.

The upgrade includes a new two-storey learning hub with 10 new modern flexible classrooms, a new library and additional practical activity areas, renovating existing buildings to upgrade the administration area, provide a new staff room, renovation of the Heritage Block B (the infants block), upgrade of the covered outdoor learning area (COLA) and new covered outdoor areas and walkways.

Progress summary

All work on the new and renovated buildings has now been finished and the buildings have been handed over to the school for use.

Holiday working hours

Construction will continue at Millthorpe Public School over the school holidays to finish the external works for the school. This includes resurfacing the sports court under the refurbished COLA.

Holiday working hours

Works will take place within the approved construction hours of 7 am to 5 pm Monday to Friday. No work will take place on weekends or public holidays, unless otherwise advised.

Some deliveries to the site may need to take place outside of normal work hours because of the size of the trucks required. This is to minimise the impact on road users and the general public.

The School Infrastructure NSW office will be closed from 5 pm Friday 22 December 2023 to 9 am Monday 8 January 2024, inclusive.

You can continue to contact us during this time, and we will get back to you after we return. If there is an urgent issue, please contact the site manager listed on the construction site entry. In an emergency, please call triple zero (000).

Thank you for your patience while we deliver this important school infrastructure.
