## Message from your Principal

On behalf of Millthorpe Public School, I am delighted to announce that our school upgrade has been successfully completed.

We've been enjoying the benefits of the new facilities delivered in 2023, including the 10 new modern flexible classrooms, new library, maker spaces, improved administration area, new staff room and renovated heritage infants block.

The new spacious and well-resourced two-storey learning hub is a valuable asset to all students, providing access to emerging and innovative technologies. Our new flexible classrooms allow teachers to use engaging practices across all classes and provide individualised learning and collaboration. The library has proven to be an enticing space for students to explore learning resources and literature. The fully airconditioned spaces ensure students can learn in comfort all year round.

The upgrade to the covered outdoor learning area (COLA) and the installation of new connecting walkways and landscaping has completed Millthorpe Public School's new look. We look forward to using all our newly upgraded internal and external areas.

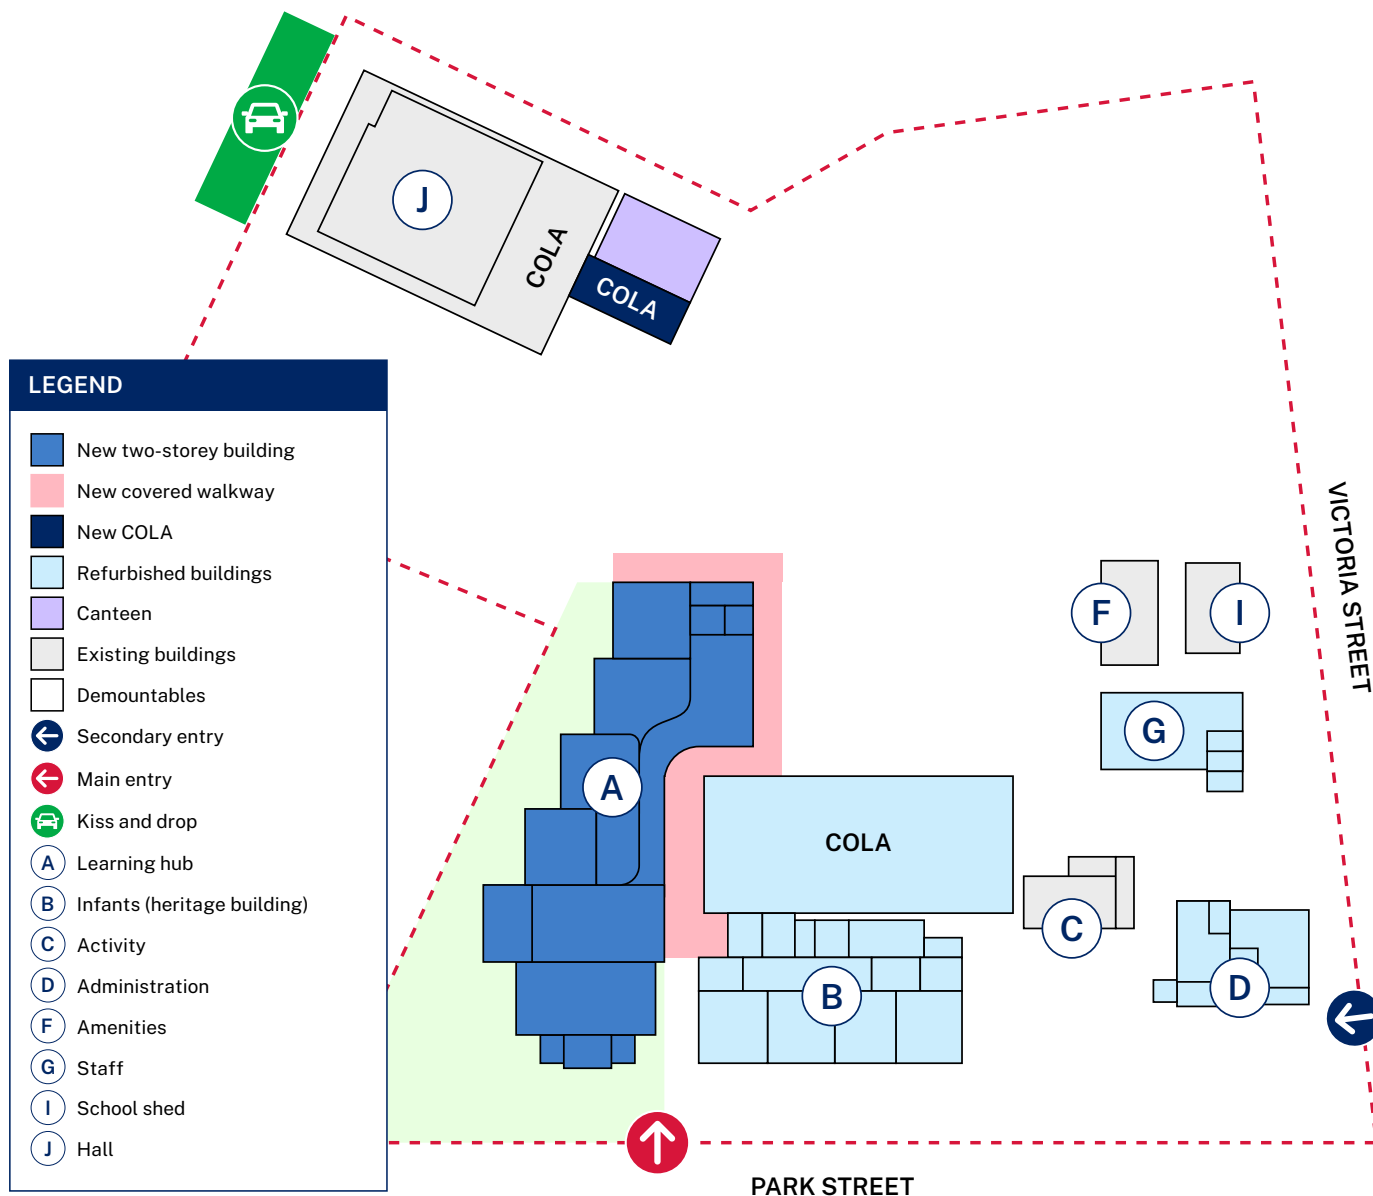

From planning, design, construction and delivery, Millthorpe Public School and the community have patiently watched our school transform into a modern, attractive and well-resourced school. I would like to thank all the people involved in realising our new facilities as we look forward to an exciting future.
