

Millthorpe Public School

Project update

December 2021

Investing in our schools

The NSW Government is investing \$7.9 billion over the next four years, continuing its program to deliver 215 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

A project is underway to upgrade Millthorpe Public School to bring students the latest educational facilities and support the local community. Subject to planning approval, the upgrade will deliver a new two-storey learning hub including 10 new flexible learning spaces (classrooms), a new library and maker spaces. Existing buildings will also be renovated to provide an upgraded administration area and new staff room. Heritage Block B will be internally renovated and new covered outdoor areas and walkways installed.

Community information session

You are invited to attend a community information session to find out more about the project. The session will outline what you can expect during early site establishment works and explain how we will work with the school to minimise disruption to students and the wider community. It will also be an opportunity to meet members of the project team.

The session will be held on **Monday 13 December 2021** from **2:30pm to 6:00pm** in the Millthorpe Public School library. Please do not attend the information session if you are feeling in any way unwell. For those who are not able to attend the session in person, all information from the day will also be made available on the School Infrastructure NSW website.

Entry will be via Park Street where attendees will be required to sign in and provide proof of vaccination status. As strict caps on the number of people that can gather inside are still in place, we appreciate your patience as we manage entry to the library.

We look forward to welcoming you to the information session.
