

Millthorpe Public School

Works notification

May 2022

Dear neighbours, parents and carers,

Works are progressing on the Millthorpe Public School building and in the coming weeks there will be increased truck movement around the Redmond Oval carpark as the ground floor concrete slab is poured for the new learning hub.

The ground floor slab is planned to be poured on Wednesday 18 May from 7 am to 5 pm. The date may change to accommodate weather conditions.

Traffic control will be in place for the safety of students, staff, and the local community. Where possible, it is recommended that students avoid the Redmond Oval carpark on this day and enter the school via the Park Street entryways.

We are here to make sure that work is completed safely and efficiently and we will minimise impacts, including noise, on the community at every opportunity.

If you have any queries relating to this work, please contact us using the contact information below.

Thank you for your patience while we deliver this important school infrastructure.
