

Outside the new performance space at Mona Vale Public School

# Mona Vale Public School

Completion pack | July 2023

We recently finished building the new performance space (Block S) at Mona Vale Public School. This marks the final milestone of a major project to upgrade the school.

A new **200** seat performance space

A new building with **9** learning spaces

Upgrade and refurbishment of existing buildings

Landscaping and open play spaces

A new assembly area and accessible pathways

Upgrade of the teachers' carpark, canteen, hall and amenities

A full list of the features of this upgrade can be found overleaf.

You can watch a video showing the upgraded facilities at the school by following this link [edu.nsw.link/VideoMVPS](https://edu.nsw.link/VideoMVPS) or scanning the QR code.

Thank you for your patience during construction. We are thrilled to have delivered this project for the school community.

## Message from the Principal

Welcome to the newly upgraded Mona Vale Public School. I am sure you will agree that the end result is welcoming, accessible and inspiring.

We now have a new administration teaching and learning building, a new performance space for shared use with the community, upgrades to our existing buildings and landscaped outdoor and play areas. These new improvements have been carefully planned to consider the features of the existing school buildings and surrounds while enabling our teachers to deliver an integrated curriculum in a more engaging and supportive environment.

As a diverse, inclusive school we are committed to engaging, encouraging and guiding our students' innate curiosity to inspire and empower them to thrive as good humans and learners for life. We are delighted with the new flexible learning environments that will inspire the next generation of young minds.

I am excited about the next chapter of our journey and look forward to sharing with the community our contemporary state of the art facilities.

I would like to thank the community – students, staff, parents and local residents for their patience during construction. I would like to acknowledge the teams who supported us along the way: School Infrastructure NSW, PMDL Architects, Stephen Edwards Constructions and Colliers Project Leaders. We have been fortunate to work with a team of collaborative professionals. The finished project is testament to the dedication and hard work of all those involved in the project.

I have no doubt that you will be impressed with the outcome, just as we are!

Together we can ensure your child strives and thrives.
