Mona Vale Public School

Project update

May 2021

Investing in our schools

The NSW Government is investing \$7 billion over the next four years, continuing its program to deliver more than 200 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

We are in the progress of designing an upgrade to Mona Vale Public School. The project will deliver:

- A new Block R building containing 6 learning spaces and 3 support classes
- Upgrading and refurbishing Blocks B, D, E and H
- A new Block S Performing Arts Centre
- A new staff and administration space within Block R
- Removing Blocks C and G and improving open space and connectivity throughout the school for all students

Progress summary

The project has now been granted approval to proceed. The master planning, concept and schematic design phases are now complete. Detailed design is now underway which is the final stage in the design process.

Demountable movements have taken place on site to enable the project to progress. The new temporary classrooms were ready for the school to use from week 2 Term 2 on Monday 26 April 2021.

We have applied to Northern Beaches Council to remove some trees as part of the project. To find out more information about the tree removal and have your say on our development application, please visit the Northern Beaches Council website: www.northernbeaches.nsw.gov.au/planning-and-development

A construction contract was tendered in late 2020 and closed in early 2021.

Next steps

Award the construction contract and preparation for work to begin on site in mid 2021.

Virtual information session

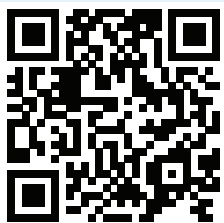

We have developed an online community information session to provide the community with an opportunity to hear about this project, ask questions, and provide your feedback.

You're invited to our virtual consultation session:

Date: 9:00am, Monday 17 May 2021 to 9:00am, Monday 24 May 2021

Location: Visit the SINSW website at any time, day or night during this period to enter the virtual information session.

To access a physical or emailed version of the project content, please get in touch with us via email or phone.

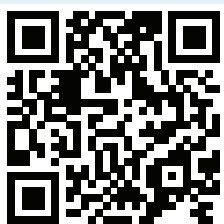

Information session

In addition to the virtual information session, which you can access any time, day or night, we will also be holding an in person information booth.

This will be held on Wednesday 19 May 2021 between 2:30pm and 3:30pm where you can speak to a member of the project team.

The information session will be held at the COLA of Mona Vale Public School.
