Monaro High School performing arts centre and new school entrance

To our community

Thank you for your patience while we have delivered the Monaro High School upgrade.

We recently finished works on the refurbishment of Building B South and landscaping. The upgrade is now complete and the school has full use of their new facilities.

Your support and cooperation have made it possible for us to deliver these new and improved education facilities for students and the local community.

Wishing you all the best,

The School Infrastructure Project Team and Monaro High School
