

Mosman High School

Summer holidays works notification | 16 December 2022

Main works continue

Over the coming 2022 / 2023 school holidays, works are continuing on new Building G. This work includes putting in the roof's steel structure, external walls and lower floor brickwork. Water, electricity and technology services and internal partitions will also continue to be fitted throughout the building.

Building E, located in the courtyard of the school, will have its staircase demolished and replaced. Landscaping works around this building and into the courtyard will follow this work to improve the school's play space.

Asbestos containing materials removal works

The demolition of Building E's staircase and the adjacent landscaping works will require the removal of some asbestos containing materials.

Safety measures will be in place to ensure there is no risk to onsite workers and the community. This includes enclosing the area with plastic sheeting while the removal works take place and installing air monitors. Onsite contractors will also wear protective clothing including face masks, coveralls, gloves and protective footwear.

The work will be completed by licensed and accredited asbestos contractors and monitored by an independent occupational hygienist in strict accordance with SafeWork NSW regulations and a project-specific asbestos management plan.

Testing will be completed to ensure the area is fully remediated and a clearance certificate will be issued before the renovation works start.

Please be assured the removal of this material does not pose a risk to students, school staff or the community.

The health, safety, and well-being of the school and the local community is School Infrastructures NSW's highest priority and we will continue to keep the community updated.

Work hours

These works are taking place during the hours of 7 am to 6 pm Monday to Friday and 7.30 am to 3.30 pm on Saturdays. Unless otherwise notified, no work will take place on Sundays or public holidays.

The work site will be closed from Saturday 24 December 2022 to Tuesday 3 January 2023. Onsite work will resume on Wednesday 4 January 2023.

Shutdown contact

School Infrastructure NSW will be closed from 5 pm Friday 23 December 2022 to 9 am Monday 9 January 2023 inclusive, in line with the NSW Government shutdown period. During this time if there is an urgent issue, please contact the site manager listed on the construction site entry. In an emergency, please call triple zero. (000).

On Monday 9 January 2023, you can contact School Infrastructure NSW during business hours on 1300 482 651 or email schoolinfrastructure@det.nsw.edu.au.
