

Mosman High School upgrade

Works notification | 9 August 2023

Mosman High School is being upgraded to provide students with the latest educational facilities for teaching and learning. The new building G facility opened for Day 1 Term 3 2023. Work is still underway to demolish building C, remediate the area building C was on, finish external landscaping works and work on the staff carpark.

Remediation beneath building C from 14 August 2023

Work has been taking place to dismantle and demolish building C within the construction zone in the centre of Mosman High School. Once building C has been removed, work will take place to remove a small number of asbestos fragments that have been identified in the soil underneath building C. The area underneath and nearby the demolished building C will then be covered with a geofabric material to encapsulate the soil before any landscaping works take place.

This work is expected to take for approximately 4 weeks from Monday 14 August 2023, weather permitting.

Safety measures will be in place to ensure there is no risk to students, staff or the local community. This includes A-class hoardings around the construction site and installing air monitors for the duration of the works. Onsite staff completing the removal works will also wear protective clothing such as face masks, coveralls, gloves and footwear.

All work will take place in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan, and any relevant site-specific management plans. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

Working hours

These works are taking place during the hours of 7 am to 6 pm Monday to Friday and 7.30 am to 3.30 pm on Saturdays. Unless otherwise notified, no work will take place on Sundays or public holidays.

The health, safety, and wellbeing of the school and the local community is our highest priority and we will continue to keep the community updated.

Thank you for your cooperation during this important work.
