

Mosman High School

Information pack – State Significant Development Application update

September 2020

Artist impression of the Mosman High School upgrade

The NSW Government is investing \$6.7 billion over four years to deliver more than 190 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

About this information pack

This document provides an overview of the State Significant Development (SSD) application for the Mosman High School upgrade, which was recently lodged with the Department on Planning, Industry and Environment (DPIE).

What is a State Significant Development Application?

State Significant Development (SSD) applications are used for projects that have special significance to the people and State of NSW. The Department of Planning, Industry and Environment (DPIE) is responsible for the planning approval process for SSD application, rather than a local council.

DPIE is placing the Mosman High School upgrade SSD application on public exhibition in late September. You can get more information and provide feedback on the SSDA by going to: <https://www.planningportal.nsw.gov.au/major-projects>.

Project overview

The Mosman High School upgrade will cater to growing enrolments and provide exciting new spaces for learning and teaching.

Under the SSDA application, we are proposing to increase the school's capacity up to 1200 students through a range of new and refurbished buildings, which will be sensitive to the area's character and heritage.

16 new homebase classrooms

New multipurpose hall

New library

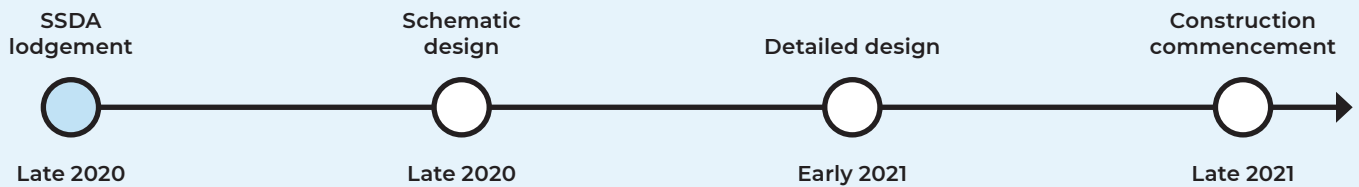

New outdoor play space

New canteen facilities

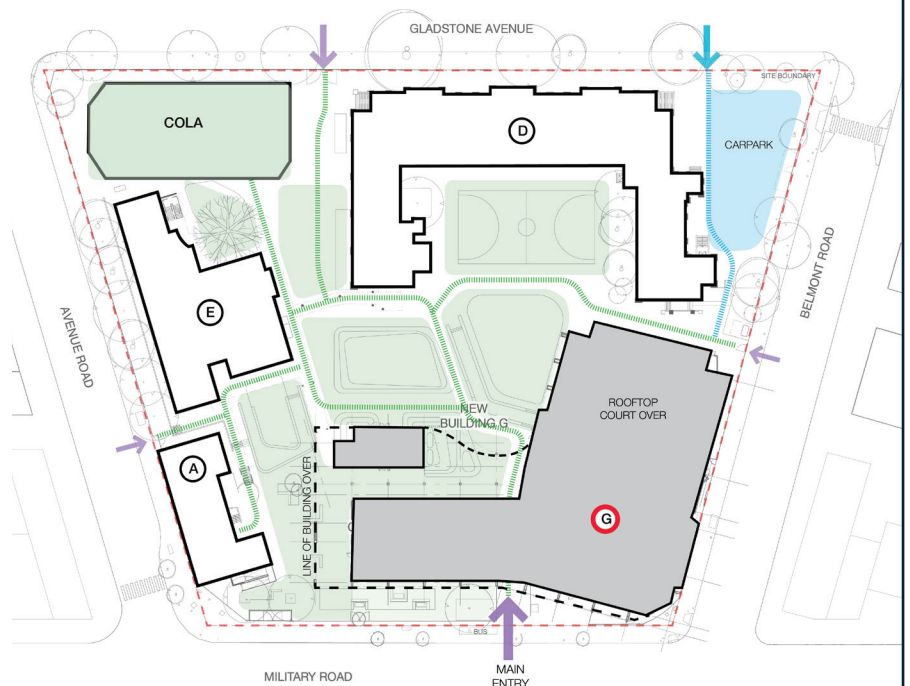

Indicative project timeline

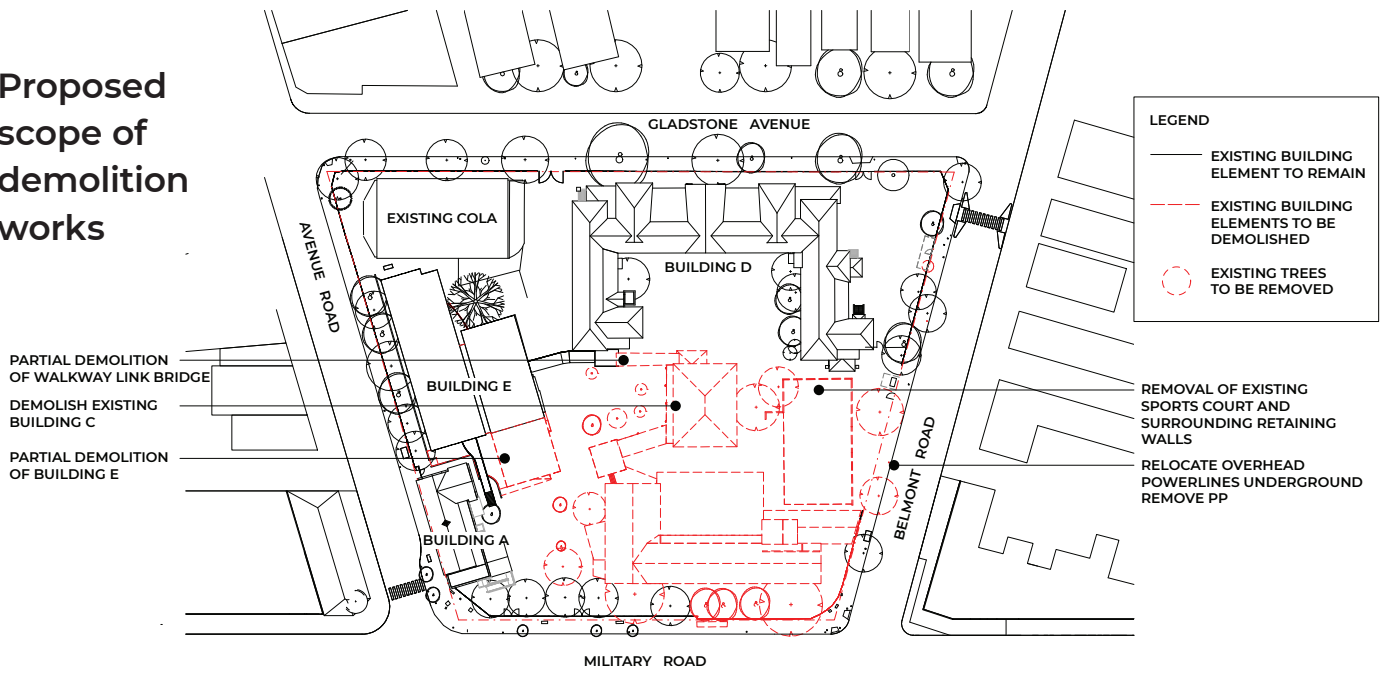

Map of the proposed school upgrade

The site plan shows the proposed layout of Mosman High School's buildings and grounds. This plan shows the location of a range of proposed new and refurbished buildings for the school site.

- STAFF ENTRY
- STUDENT ENTRY
- CARPARK
- OUTDOOR PLAY SPACE
- NEW BUILDING
- EXISTING BUILDING
- CIRCULATION THROUGH SITE

Proposed scope of demolition works

Proposed changes to the site

The Mosman High School upgrade includes new buildings and refurbishments to existing buildings, as outlined below and indicated on the future site plan:

- Demolition of Building B, Building C and part Building E;
- Removal of existing sports court and surrounding retaining walls and nominated trees;
- Construction of a new building (Building G) on the corner of Military and Belmont Road providing:
 - Administration and staff facilities;
 - Multipurpose gym / hall;
 - Library;
 - Canteen facilities;
 - General and senior learning units;
 - Science learning unit;
 - Health/PE and performing arts unit; and
 - Learning and admin support unit.
- Associated landscaping works including new outdoor play areas, a roof top play space, and rooftop basketball court; and
- Relocation of the main pedestrian entrance to the junction of Military Road and Belmont Road.

Frequently asked questions

How many students currently attend Mosman High School?

About 1,100.

What is the student capacity of the proposed new Mosman High School?

Up to 1,200.

When will the school reach capacity?

The number of students living in the school's intake area are projected to remain stable to 2036.

When will construction start?

We expect construction of the proposed upgrade will start in late 2021, pending approval of the SSD application. We will keep you updated on these timeframes as the project progresses.

How can I find out more about the SSDA for the Mosman High School upgrade?

You can find detailed information about the SSD application for the Mosman High School upgrade by going to the Department of Planning, Industry and Environment's website at www.planningportal.nsw.gov.au/major-projects.

How can I provide feedback on the SSD application for the Mosman High School upgrade?

All feedback on the SSDA should be given to the Department of Planning, Industry and Environment. To find out how to submit your feedback, please go to: <https://www.planningportal.nsw.gov.au/major-projects>
