

A new chapter for Murwillumbah High School

On Day 1 of Term 1 2025, Murwillumbah High School will re-open, marking the start of a new chapter in the school’s long and proud history of providing high quality public education for the Murwillumbah community.

The return to 2 public high schools in Murwillumbah is an exciting opportunity for students, staff, and families to work together to provide the best education and wellbeing outcomes for young people in Murwillumbah.

Culture: Working together to develop a refreshed vision which continues to reflect the values and aspirations of students, staff and families

People: Families have had the opportunity to choose their preferred school for 2025. In most cases, teachers will return to teaching at their original school

Place: Fully restored facilities, including refurbished classrooms and specialist learning spaces set in a spacious, green school site

Education: Collaboration between the two high schools to enhance the educational community and provide students with broader social and academic opportunities

INSPIRING EVERY STUDENT
EVERY DAY

Upgrading facilities at Murwillumbah High School

As part of the NSW Government’s plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$1.4 billion for new and upgraded schools in regional NSW. This targeted investment will ensure growing communities get access to a world class public education.

Murwillumbah High School is being fully restored to provide significantly improved facilities for students and staff. The upgraded school will have classrooms, specialist spaces and facilities to accommodate up to 600 students, including:

- 

Refurbished classrooms, science labs, workshops for wood, metal, visual arts, performing arts and PDHPE, a design learning space and a kitchen and classrooms for food technology
- 

Renovated Block H to provide 3 classrooms and facilities for specialist support classes
- 

Reconfigured and upgraded front office, staff and administrative spaces
- 

Refreshed outdoor areas with new exterior paint, repairs and landscaping
- 

Refreshed library and hall and new student canteen

Timeline for finishing the upgrade

The upgrade is on track to deliver refurbished classrooms and facilities to accommodate all students and support delivery of the timetable when school resumes at the beginning of 2025.

To deliver the best outcome for the long term, some work will continue when school returns in 2025. We will work together to make sure the school operates safely while work is completed. More information will be provided in the lead up to Day 1 Term 1 2025.

Complete Day 1 Term 1 2025

- 1 – Redeveloped reception, administration and executive offices
- A – Refreshed classrooms and performance space
- H – School Support Unit classrooms and facilities

Examples of refurbished facilities from other schools

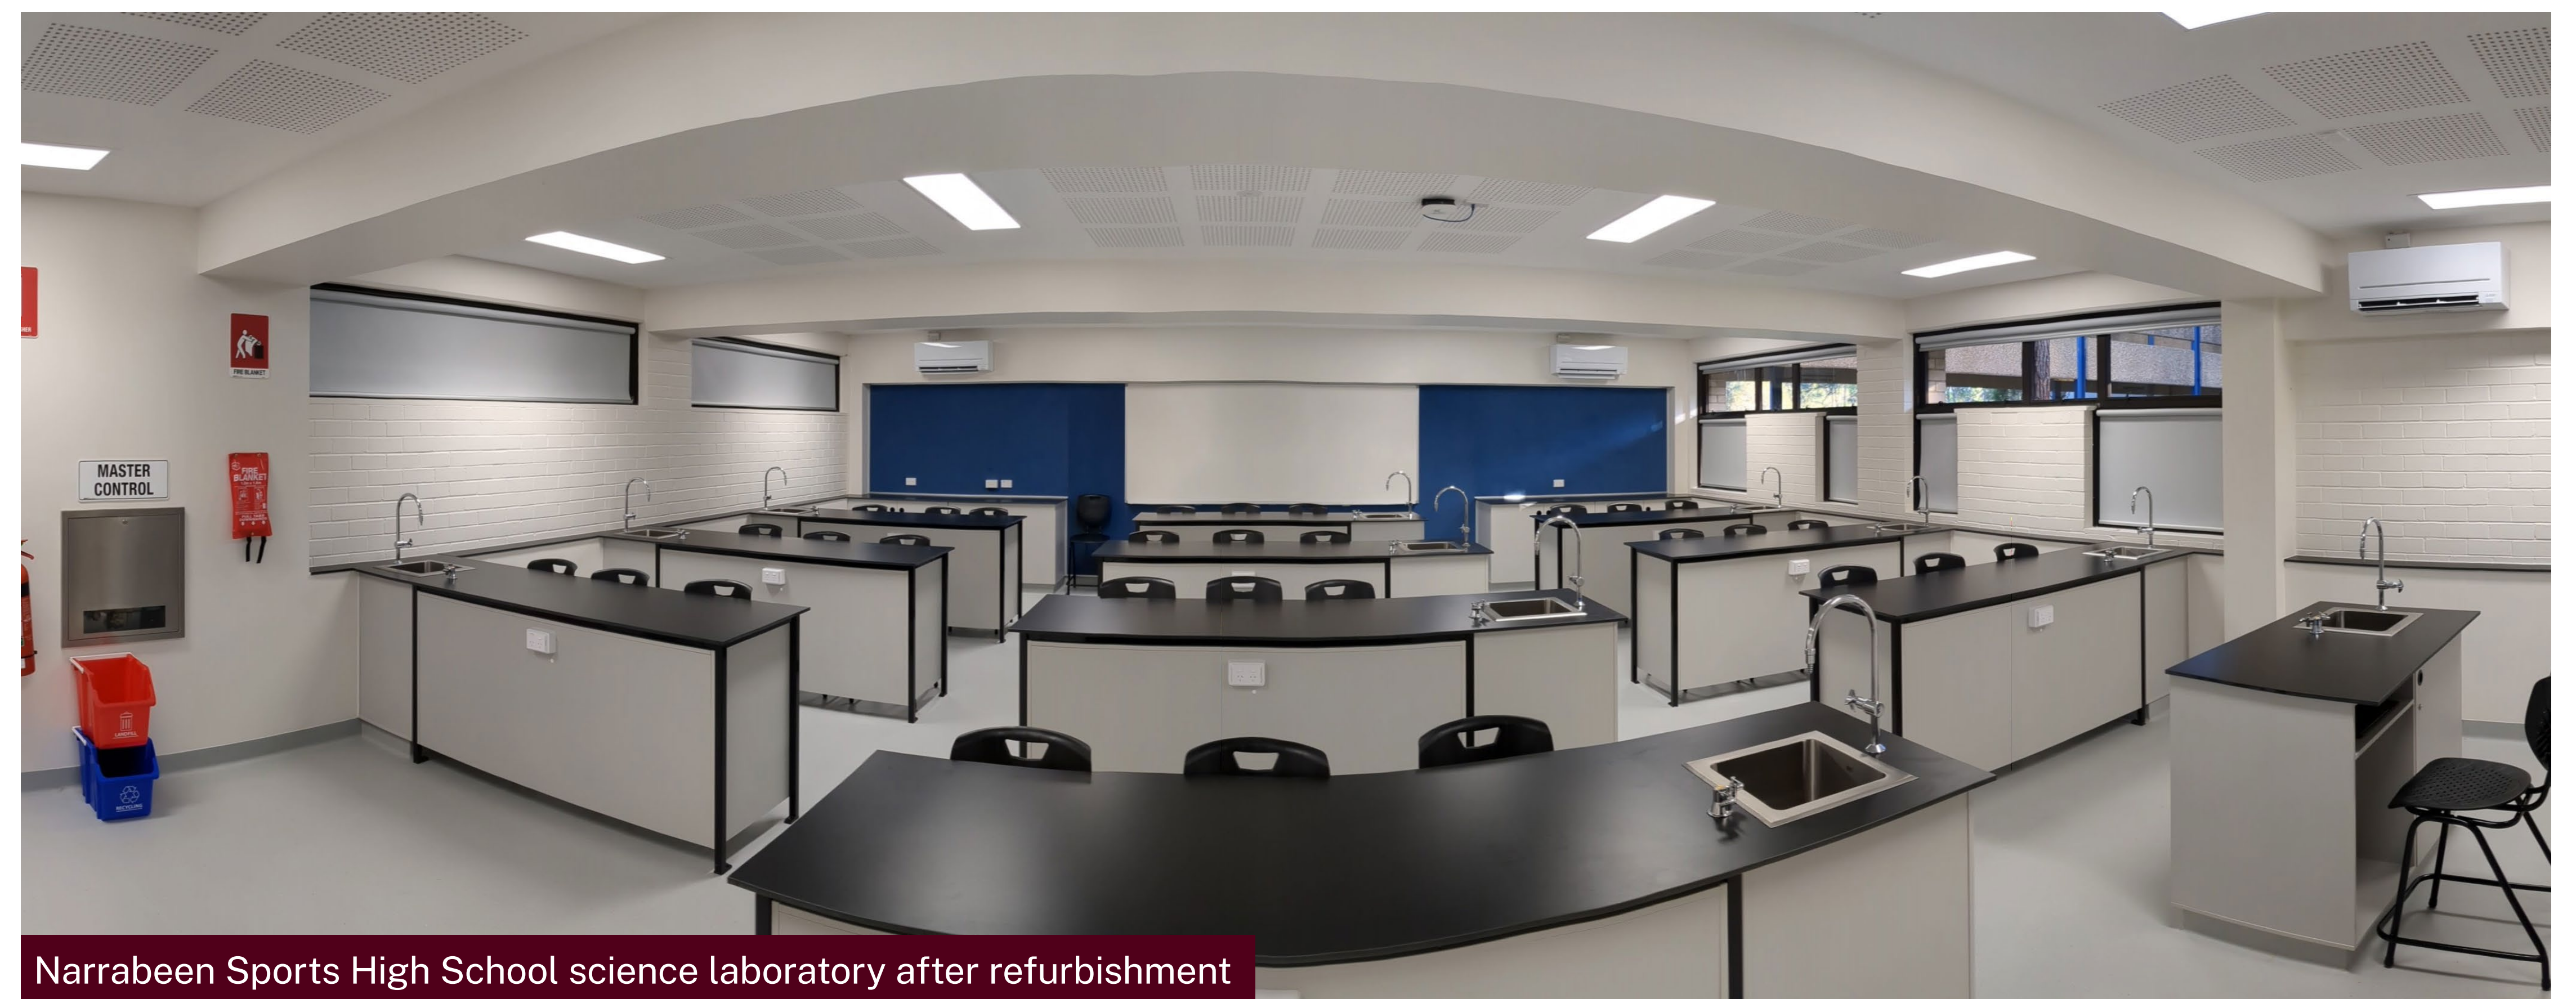

All facilities at Murwillumbah High School that are in scope for refurbishment will receive new paint, floor coverings, energy-efficient LED lighting, air conditioning, furniture, fittings, and equipment.

The photos to the right show a science laboratory at Narrabeen Sports High School before and after refurbishment.

While the exact finishes and layout of the science laboratories at Murwillumbah High School will be different, these photos give an indication of what can be achieved with new flooring, wall and ceiling linings and paint.
