

New primary school in Mulgoa Rise Glenmore Park

Works notification

12 April 2022

A new primary school is being developed to cater for the growing population in the Mulgoa Rise and Glenmore Park communities. The project will deliver facilities for up to 400 students, and will include new flexible learning spaces, a multipurpose hall, staff administration areas, a library, and a sports court and playing fields.

Out-of-Hours Deliveries

The delivery of large machinery will be made in the next few days. As the trucks required to deliver this machinery are oversize, truck movements are required to occur in the early hours of the morning to reduce impacts on day-time traffic.

The trucks will arrive to the site in two deliveries. Unloading of the machinery from the trucks will not occur until 7am to reduce noise impacts.

Delivery one will occur at 3am on Wednesday 13 April 2022, and delivery two will occur at midnight on Thursday 14 April 2022.

These oversize movements will be completed under Roads and Maritime Services permit number 621171V1.

We apologise for the noise this may cause and thank you for your patience while we deliver this important school infrastructure.
