

# Narrabeen Education Campus

## Works notification

21 November 2022

Dear community,

We are upgrading Narrabeen North Public School and Narrabeen Sports High School with new and improved education facilities to support the student community.

### Upcoming works

From 23-November 2022, temporary school buildings will be installed at the car park next to the Northern Beaches Indoor Sports Centre and Narrabeen Sports High School playing field. See map overleaf for details. Perimeter fencing will be installed around the work areas to prevent access during these works and remain after the temporary school buildings are installed.

Temporary school buildings are built with safety and comfort in mind. The buildings conform to the same high standards required for all NSW public schools. From the heating and air conditioning, natural ventilation and lighting – students and teachers can expect to be in a comfortable and safe space.

There will be no access to the Return and Earn vending machine via Namona Street during the installation of temporary school buildings.

### Vehicle movements

Large vehicle movements, including a mobile crane and trucks, will take place outside of school drop off and pick up times. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW safety requirements for the movement of oversized vehicles. Traffic control will be in place for the safety of the school, motorists and the local community. Access will be maintained to all residential properties at all time.

### Work hours

Working hours will be 7am to 6pm Monday to Friday, and 8am to 12pm Saturday. There will be no work on Sundays or Public Holidays unless otherwise notified.

The health, safety, and wellbeing of the school and the local community are our highest priority, and we will continue to keep the community updated.

Thank you for your patience as we deliver this important project for the Narrabeen community.
