Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$8.9 billion for new and upgraded schools. This targeted investment will ensure growing communities get access to a world class public education.

Project overview

We are delivering an upgrade to Narrabeen Sports High School. This project involves a major refurbishment of Block K and of the classrooms in Blocks C and E.

The project also includes upgrades to the technological and applied studies (TAS) classrooms and student and staff amenities in Block A, renewal of the science labs, prep rooms, and chemical storerooms in Block B, and the replacement of roofs in Blocks B, C, D, and E, and part of Block A.

Progress update

Works completed this year include:

- roof upgrades to Blocks B, D, E and part of Block A
- refurbishment of student and staff bathrooms and change rooms in Blocks D and E
- upgrades to 13 classrooms in Block E
- refurbishment of Block B science labs, prep rooms and chemical storerooms
- upgrades to classrooms in Block K
- Block E bathroom refurbishments
- upgrades to Block A gymnasium change rooms and toilets, staff and interview rooms.

In the past few months, we have also:

- completed designs for the Block A2 upgrade, which include the refurbished science, technology and mathematics (STEM) room and woodwork, textile and computer rooms
- worked on the designs for the upgrade of 20 classrooms in Block C.

The project team is working closely with school leadership to understand the school's needs in completing design work.

Next steps

- Installation of the school's new PA system is underway and will be finished soon.
- We expect to award the Block A2 tender in August 2024, with works to begin shortly after.
- Once the design is finished and approved, we will appoint a contractor to upgrade the Block C classrooms. We expect construction to begin towards the end of 2024, with most work taking place during the December school holidays.
- In addition, a contractor will be appointed to replace the roof for Block C by end of 2024, with work to begin soon afterwards.
- The demountables on the sports oval are expected to be removed in September 2024, after the services have been disconnected.
