

Narrabeen Sports High School upgrade

Works notification | 16 December 2024

As part of the NSW Government's plan to rebuild essential services, a project is underway to upgrade classrooms and other facilities at Narrabeen Sports High School.

School holiday works - remediation works

As previously notified to the school community, suspected bonded asbestos containing material, which is now confirmed, was found in the window frames during the upgrade of the Technological and Applied Studies (TAS) rooms.

NSW Health explains that if bonded asbestos is mixed with cement or other hard bonding materials, and in good condition, it is likely to be low risk.

Remediation of the asbestos in the window frames is now scheduled to take place in the summer school holidays, following independent hygienist advice on the remediation method.

This work will take place on Thursday 16 and Friday 17 January 2025 between 7 am and 5 pm, and is expected to take 2 days.

The work will take place in the following rooms: AR0014 Metal Tech LS, AR0015, Metal Tech LS, AR0016, Welding Bay, AR0017 Welding Bay, AR0018 Woodtech Room, AR1045 Computer Lab and AR1047 Textile Room.

All work will be done indoors by licensed and accredited asbestos contractors, and under the supervision of an independent hygienist with additional safety measures and air monitoring in place before the work starts. The work will be done in accordance with work, health and safety laws and the site-specific Asbestos Management Plan.

The rooms will be inspected by the independent hygienist to confirm they have been fully remediated, and School Infrastructure will receive a clearance certificate before they are reopened.

For more information about asbestos, visit the NSW Health website:
health.nsw.gov.au/environment/factsheets

The health, safety, and wellbeing of the school and local community is our highest priority. We will keep the community updated. Thank you for your cooperation during this important work.

Further information

If you have any questions about this work, please contact the NSW Department of Education using the details below. For the latest information visit edu.nsw.link/NSHS or scan the QR code.

School Infrastructure will be closed from 5 pm Friday 20 December 2024 to 9 am Monday 6 January 2025, inclusive. During this time, if there is an urgent issue, please contact the site manager listed on the construction site entry. In an emergency, please call triple zero (000).
