Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$8.9 billion for new and upgraded schools. This targeted investment will ensure growing communities get access to a world class public education.

Project overview

We are delivering an upgrade to Narrabeen Sports High School. The next step in in this project involves further refurbishment of Block K and the classrooms in Block C.

The project also includes completed upgrades to the technological and applied studies (TAS) classrooms and student and staff amenities in Block A, renewal of the science labs, prep rooms, and chemical storerooms in Block B, classrooms and amenities in Block E, amenities in Block D and the replacement of roofs in Blocks B, C, D, and E, and part of Block A.

Progress summary

The upgrade of the Block C roof is complete and the whole school PA system has been installed.

The demountables on the sports oval, which were being used by Narrabeen North Public School during construction, have been removed, and the area will be made good and reinstated for school use by the end 2024.

We have awarded the contract for the upgrade to Block A2, and construction has begun. The upgrade includes refurbishing the science, technology and mathematics (STEM) room and woodwork, textile and computer rooms. The contractor expects to complete the upgrade on Block A2 by the end of November 2024.

Design for the upgrade of Block K has begun, which involves upgrading the remaining original classrooms.

Next steps

Work on the designs for the upgrade of 20 classrooms in Block C is complete, allowing the tender to be released this month. We expect a construction contractor to be on board and ready to start in the summer school holidays.

Construction work hours

Construction work hours are Monday to Friday 7 am to 6 pm and Saturday 8 am to 1 pm. There will be no work on Sunday or on public holidays unless otherwise advised.
