Narrabeen Sports High School
Works notification | 12 November 2025

As part of the NSW Government's plan to rebuild public education, the NSW Budget is delivering record education funding, including $9 billion for new and upgraded schools. This targeted investment will ensure growing communities get access to a world class public education.

Removal of temporary facilities

The removal of temporary demountable facilities and associated works will take place from Wednesday 19 November 2025 and are expected to be completed by Friday 19 December 2025.

Construction vehicles will enter and exit the site via Namona Street and mobile cranes will be used to safely load the demountables onto trucks. Traffic control will be in place as needed to ensure the safety of the community.

Temporary fencing will be installed around work areas to prevent access during these works. The removal will not affect school operations.

As a requirement for transportation, stickers have been placed on the buildings to notify that they contain asbestos.

The material in these demountable classrooms is assumed to contain bonded asbestos, as listed on the school's asbestos register. Bonded asbestos means it is attached to other materials such as tiles or cement and cannot be crumbled by light pressure.

For more information about asbestos, visit the NSW Health website:
health.nsw.gov.au/environment/factsheets

All work will be done in accordance with work, health and safety laws and the NSW Department of Education's guidelines for the release and transport of demountable buildings containing asbestos from school sites, which have been approved by SafeWork NSW. All work will be completed in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The health, safety, and wellbeing of the school and the local community is our highest priority.

If you have any questions about this work, please contact us on the details below. Thank you for your cooperation during this important work.
