Investing in our schools

As part of the NSW Government's plan to rebuild public education, the NSW Budget is delivering record education funding, including $9 billion for new and upgraded schools. This targeted investment will ensure growing communities get access to a world class public education.

Project overview

We are delivering an upgrade to Narrabeen Sports High School. The next step in this project involves further refurbishment of Block K and the classrooms in Block C.

We are also delivering a new professionally-equipped performance hall with seating for approximately 400 guests. This will provide students with a dedicated space to explore their creative talents, enhancing their education through performances, exhibitions, and workshops.

Progress summary

The refurbishment of 20 classrooms in Block C is well underway. Stage 1, including 9 classrooms and a staff room, is expected to be complete in the last week of Term 3.

The construction contract tender for the Block K upgrade has been awarded to NACS Constructions NSW Pty Ltd. Work on Block K will start in November 2025 after the Year 12 HSC exams have finished.

New performance hall

The concept designs for the new performance hall have now been released. A community information session to showcase the designs was held in the school library on Thursday 28 August 2025. The information boards are currently on display in the school's reception area.

The Review of Environmental Factors (REF) process is underway. We expect the REF to be submitted in late September 2025, with the construction tender to be released in late 2025.
