Narrabeen Sports High School
Works notification | 24 September 2025

As part of the NSW Government's plan to rebuild public education, a project is underway to upgrade Narrabeen Sports High School.

School holiday works – removal of asbestos containing materials

Work to upgrade Block C will continue during the Spring school holidays. This work will include removing vinyl floor coverings from 3 rooms in Block C. These floor coverings have been confirmed to contain bonded asbestos as listed in the school's asbestos register, which means it is attached to another material such as cement or vinyl and cannot be crumbled by light pressure.

This work take place on Saturday 27 September 2025.

Block C is within the existing construction site, which is separated by hoarding and inaccessible to staff and students.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done.

All work will be completed by licensed asbestos contractors and inspected by independent hygienists, and a clearance certificate will be issued before the rooms are reopened.

For more information about asbestos, visit the NSW Health website:
