Neutral Bay Public School upgrade

Project update | March 2024

Investing in our schools

As part of the NSW Government's plan to rebuild essential services, the 2023-24 Budget is delivering a record \$8.8 billion for new and upgraded schools. This targeted investment in growing communities will ensure working families get access to a world class public education.

Project overview

The NSW Government is upgrading Neutral Bay Public School to deliver 7 new modern flexible classrooms and refurbish 12 existing classrooms. The project will also deliver a new library, canteen, student amenities, staff facilities and storage rooms. Improvements to the school's out of hours care facilities and play spaces will also be provided.

Construction progress summary

Work on the Neutral Bay Public School upgrade is progressing:

- All major concrete pours have been completed for the new Building M.
- Building B has been refurbished and handed back to the school, it will be the temporary administration for the school until all construction is complete.
- Refurbishment of Building A has started.

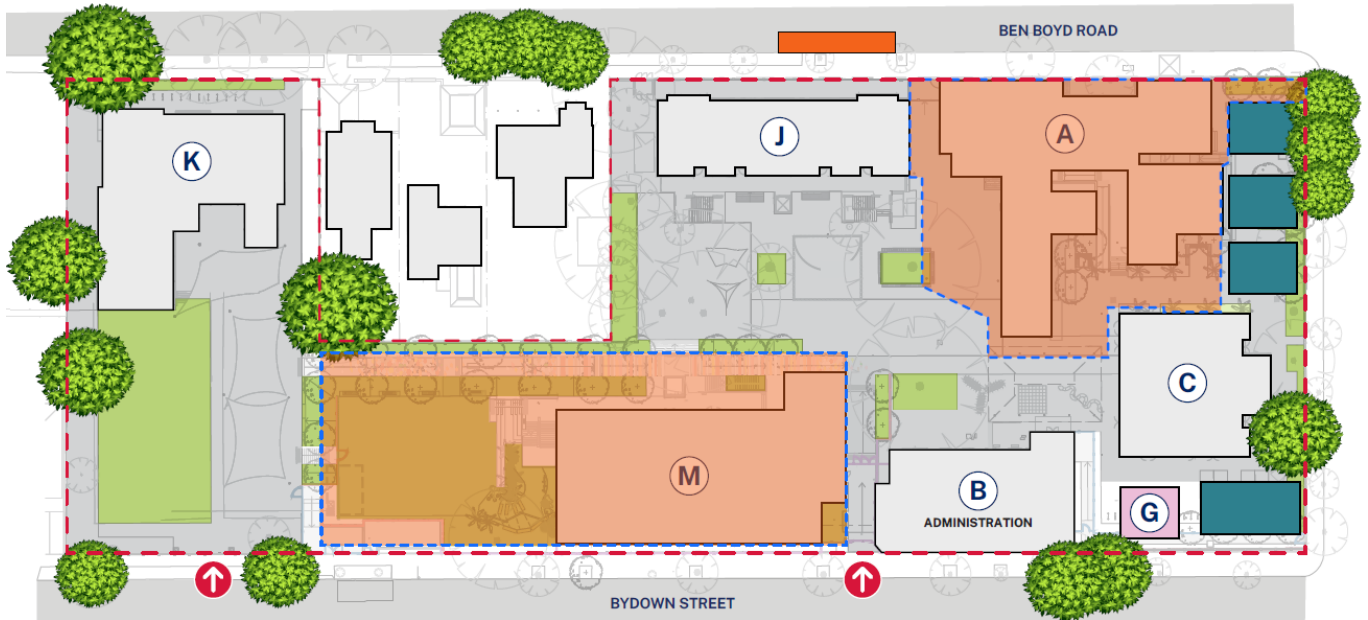

Next steps

Works over the next 3 months will include:

- continuing the refurbishment of Building A, including stripping the building's internal spaces
- continuing work on Building M, including installing the roof and façade.

School entry changes

As of Day 1 Term 1 2024, the school entry points on Yeo Steet and Ben Boyd Road are no longer in use. Students and parents can safely enter the school using the 2 entry points on Bydown Street, shown on the map below. These changes will remain in place until construction is finished.
