

Bungendore High School

Information pack | February 2023

The NSW Government is investing \$8.6 billion in school infrastructure over the next four years, continuing its program to deliver 160 new and upgraded schools to support communities across NSW. This builds on the more than \$9.1 billion invested in projects delivered since 2017, a program of \$17.7 billion in public education infrastructure.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

A new high school in Bungendore is being delivered to accommodate 450 students. The project will also upgrade facilities at Bungendore Public School.

Library

Hall

Canteen

Playing courts

Agricultural Plot

Kiss and drop zones

Project overview

The new high school will have modern facilities with 24 flexible learning spaces including 3 support learning spaces, a library, hall, school canteen, playing courts, an agricultural plot, and kiss and drop zones.

Learning spaces will be built to enable teaching of English, Mathematics, Science, Technologies, Human Society and its Environment (HSIE), Personal Development, Health and Physical Education (PDHPE), Creative Arts, Languages, Vocational Education and Training (VET), and Agriculture.

Project progress

Consent has been granted for the State Significant Development (SSD) application and the detailed design is complete. Details regarding the determination are available on the NSW Government Planning Portal at: planningportal.nsw.gov.au/major-projects/projects/new-high-school-bungendore. You can also find the project's conditions of consent at this webpage.

The contractor will soon mobilise to start works on the new high school. We will notify the community ahead of works starting.
