

# New high school in Edmondson Park

Planning update | August 2023

Proposed concept design plan for the new high school in Edmondson Park. Subject to funding and planning approvals.

## Project overview

School Infrastructure NSW (SINSW) is planning to deliver a new high school in Edmondson Park. The high school will include fit-for-purpose classrooms and core facilities to meet enrolment demand in Edmondson Park and support the growing population in South-West Sydney.

## Join us at an information session

You're invited to join us at an information session to find out more about next stages of the project and speak with members from the project team.

**Where:** Library (ground floor), Edmondson Park Primary School, Buchan Avenue, Edmondson Park

**When:** 1:30 pm to 6:30 pm on Tuesday 29 August 2023

You can drop-in at any time during the session or register with the QR code or here [edu.nsw.link/EdParkHSinfo](https://edu.nsw.link/EdParkHSinfo).

## Progress update

We have lodged a request for the Secretary's Environmental Assessment Requirements (SEARs) with the Department of Planning and Environment. The SEARs advise a range of environmental, planning, and social considerations that need to be undertaken as part of the Environmental Impact Statement for the State Significant Development application.

An early concept design has been developed for the new high school which will ultimately accommodate up to 2000 students. The delivery program is subject to NSW Treasury and planning approvals, however, plans are underway to deliver approximately 40 learning spaces for up to 800 students by 2027.

In April 2023, a business case was submitted to NSW Treasury for approval to progress to project delivery.

## What's next?

As we await a decision about the business case, we will continue with the development of the school's design and prepare to meet the statutory planning requirements.

We also await the Department of Planning and Environment to issue the project's SEARs to advise the studies that need to be undertaken as part of the Environmental Impact Statement for the State Significant Development application.

You can find out more information on the project webpage at [edu.nsw.link/EPNHS](http://edu.nsw.link/EPNHS).

## How can I get involved?

We are committed to working together with our school communities and stakeholders to deliver the best learning facilities for students. We will distribute regular project updates to keep the community up to date with our progress. You can stay updated by visiting the project webpage at [edu.nsw.link/EPNHS](http://edu.nsw.link/EPNHS).
