

Jerrabomberra High School

Works notification | 3 February 2023

Replacement generator being installed

Yesterday, Thursday 2 February, the generator at Jerrabomberra High School temporary site developed a fault that requires replacement of the generator. The school will operate today in the buildings that have a permanent power connection.

The generator will be replaced today and will be operational from Monday 6 February 2023.

Managing construction impacts

The safety of the school's students, staff, visitors and the local community is our highest priority. Construction planning is designed so there is minimal impact on school operations. Safety measures are in place to separate the construction site from areas occupied by the school and ensure students are unable to enter construction areas.

There is regular consultation with the school to discuss construction progress.

For more information about how SINSW manage construction impacts please visit our webpage at edu.nsw.link/ConstructionImpacts or scan the QR code to the right.

Thank you for your patience while we deliver this important school infrastructure.
