Jerrabomberra High School

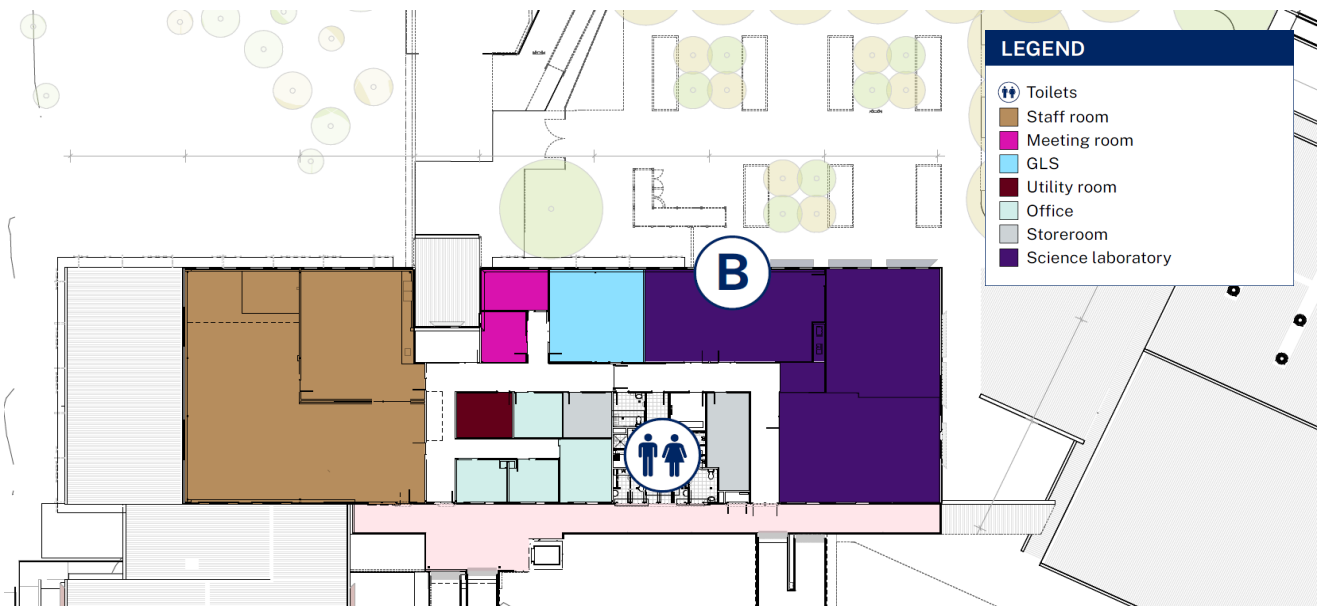

Project update | May 2023

Project overview

Jerrabomberra High School opened on Day 1 Term 1 2023 in purpose built temporary facilities located at Jerrabomberra Public School. Construction of the new permanent high school is underway. It will have modern facilities, with 25 flexible learning spaces including 3 support learning spaces, to accommodate approximately 500 students. It will deliver a library, multi-purpose hall, canteen, sports courts, covered outdoor learning area (COLA), outdoor space and administration facilities.

Progress update

The design changes to incorporate an additional science laboratory have been finalised and will be lodged with the Department of Planning and Environment (DPE) as a modification to the State Significant Development Application. Following approval of the modification from DPE, both science laboratories will be located on the first floor of Block B, which also houses a staff study and lounge and General Learning Space (GLS). The image below shows the location of the science laboratories. Please refer to the Project Update – February 2023 to see the layout of the rest of the school.

Level 1 of Block B at permanent high school site

Works are well progressed on site, and the roofing and cladding has commenced.

The image above shows the school with Block A on the left, Block B centre back, and Block C in the centre. The concrete has been poured for the sports courts at right.

The image to left is Block C which will be the canteen and multi-purpose hall.

Next steps

Thank you to everyone who has already expressed interest in access to bus services to travel to the permanent school site.

If you have not yet done so, and your child attends Jerrabomberra High School now, or will attend next year, and wants access to bus services to travel to the permanent school site, please visit the expression of interest page via edu.nsw.link/JerraBusEOI or by scanning the QR code (right) to register your details by 26 May 2023.

We will share this information with Transport for NSW as we continue to work with them to understand what the bus routes to the permanent high school site will be.

We look forward to continuing to share information with you as the project progresses.

Scan the QR code to register your interest in the SSTS to the permanent JHS site
