Jerrabomberra High School

Project update

August 2022

Investing in our schools

The NSW Government is investing \$8.6 billion in school infrastructure over the next four years, continuing its program to deliver 160 new and upgraded schools to support communities across NSW. This builds on the more than \$9.1 billion invested in projects delivered since 2017, a program of \$17.7 billion in public education infrastructure.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

Final preparations are underway prior to construction commencing of the new Jerrabomberra High School.

The new high school will have modern facilities, with 25 flexible learning spaces including 3 support learning spaces, to accommodate approximately 500 students and will deliver:

- library
- multi-purpose hall
- sports courts
- covered outdoor learning area
- outdoor space
- canteen
- administration facilities.

Progress summary

The State Significant Development (SSD) application has been approved by the NSW Department of Planning and Environment (DPE) and the detailed design is complete.

Details regarding the determination are available on the NSW Government Planning Portal at:
<http://pp.planningportal.nsw.gov.au/major-projects/projects/new-high-school-jerrabomberra>

The Jerrabomberra High School will be open to years 7 and 8 for Day 1 Term 1 2023. The school will be operational in purpose built temporary facilities located at Jerrabomberra Public School.

Temporary schools are flexible, modular spaces that help schools to operate while the planning and construction of permanent facilities is underway.

We thank the community for their patience as the important planning considerations, preparation work and design layout for the temporary school is undertaken.

Ongoing engagement

Further information regarding the permanent and temporary school facilities, including details for ongoing engagement with the community will be shared shortly.
