

Newcastle East Public School

Works notification

24 April 2020

Weekly update on work at Newcastle East Public School

To keep the community informed during ongoing construction and remediation work, we will continue to produce weekly updates in the lead up to completion of work.

Work between Monday 27 April and Sunday 3 May 2020

New Building (Building E)

The new lift in the building is operational and the building is finished. Only minor rectification works remain and are being progressively addressed. Future weekly notifications will focus on the remaining works associated with the heritage building and the playground remediation.

Heritage building

Work continues on the heritage building, including refurbishing the administration area, slating of the roof tiles and refurbishing the chimneys. We are also painting the internal walls and carrying out some carpentry repairs.

The heritage building will remain vacant at the start of Term 2 so we can finish work on the roof over the two previously occupied classrooms. More information on remaining work and when students and staff will relocate into the heritage building will be provided to the school community in the coming weeks. Current work hours are 7:00am to 5:00pm Monday to Saturday and 8:00am to 4:00pm on Sundays.

Playground remediation

The detailed design for the playground remediation work is nearing completion and we are preparing to start the procurement of services in May 2020. The final design will be provided to the school community in early May 2020.

Keeping you updated

Thank you for your understanding during this important work. We will continue to provide weekly updates to the school community. We welcome any enquiries regarding work at Newcastle East Public School.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across New South Wales. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.
