

North Sydney Public School

Works notification | 19 September 2023

Demountable removal – from 25 September 2023

To prepare for buildings I and J being used by the school, the demountables to the west of the new building J need to be removed (see map below / overleaf).

The demountables will be removed via a crane in the school holidays, between Monday 25 September 2023 and Saturday 7 October 2023.

No loads will be lifted over the operational school, the general public or nearby neighbours.

Crane delivery and removal – from 29 September 2023

To remove the demountables, a crane will need to be set up in the staff carpark. The crane is expected to arrive on site on 29 September 2023. If the arrival and departure of the crane does not happen on this date due to inclement weather, it is possible crane movements may take place in the days following this date.

The crane will arrive at the school site via McHatton Street and be set up in the staff carpark for the duration of the demountable removal works.

For more information

For more information about how we manage construction impacts in the community, please visit: <https://www.schoolinfrastructure.nsw.gov.au/what-we-do/we-build-schools/managingconstructionimpacts.html>.

The health, safety, and well-being of the school and the local community is the Department of Education's highest priority. We thank you for your cooperation during this important work.

If residents have any questions or concerns about these works, please contact School Infrastructure NSW on 1300 482 651 or email schoolinfrastructure@det.nsw.edu.au.
