

## North Sydney Public School

Project update | August 2021

### Investing in our schools

The NSW Government is investing \$7.9 billion over the next four years, continuing its program to deliver 215 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

### Project overview

Planning is underway to fast track the upgrade of North Sydney Public School, as part of the NSW Government's COVID-19 Recovery Plan. The project is proposed to include 19 flexible learning spaces, a new administration area, library and hall. It is also proposed to feature a new covered outdoor learning area, upgrades to the canteen, student amenities, and a new entrance gate on Bay Road.

### Progress summary

The project is in the design phase and the concept designs are nearing completion.

Fulton Trotter Architects have been engaged to prepare concept and schematic designs for the upgrade. The designs will be submitted as part of the State Significant Development (SSD) application to the Department of Planning, Industry and Environment (DPIE). Once submitted, the SSD application will be placed on public exhibition for community feedback.

### Virtual information session

You're invited to view more information about the project at an upcoming a virtual information session between 9 am Thursday 19 August and 5 pm Monday 23 August 2021.

Here, you will find information about the project, including the design and site layout and will also be able to book a phone call with SINSW or submit feedback and questions about the project. You can access the virtual information session from the project webpage below.

You can also scan the QR code to visit the project webpage: <https://edu.nsw.link/North-Sydney-PS-Upgrade>.
