

New high school for Medowie

Planning update | June 2024

Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$1.4 billion for new and upgraded schools in regional NSW. This targeted investment will ensure growing communities get access to a world class public education.

In response to residential growth in NSW's Hunter region, the department is delivering a pipeline of school infrastructure projects to cater for the growing population.

New high school for Medowie

The 2023-24 Budget committed funding to deliver a new high school for the growing community in Medowie. This is in addition to upgrades for Irawang High School, Hunter River High School and the main campus of Newcastle High School.

The new high school for Medowie will provide modern flexible classrooms, a library, school hall, outdoor play and sports areas, and administration facilities.

Progress summary

The Department of Education has reached an agreement to purchase 6.6 hectares of land at 6 Abundance Road, Medowie. Please refer to the map overleaf for the location of the site.

Next steps

To progress with the next stage of the project, we are appointing architects, engineers, town planners and other technical experts to build on the current plans for the school and develop the concept design.

This stage considers the needs of the local area now and into the future, ensuring the right school is designed for the community.

How can I get involved?

We are committed to ensuring that the local community is kept informed about the progress of this project. You can expect to receive more regular communication from us as the project progresses.
