

Box Hill new primary school

Planning update | December 2024

Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$3.6 billion for new and upgraded schools in Western Sydney. This targeted investment will ensure growing communities get access to a world class public education.

Project overview

To ensure that local families can send their children to a local primary school sooner, our teams are working with the goal of opening Box Hill Public School as soon as possible in early 2025, in purpose-built temporary facilities on George Street, Box Hill.

Statutory planning update: Development Application approved

A development application (DA) to build the temporary Box Hill Public School was approved by the Hills Shire Council on 17 December 2024, allowing main works construction to begin on site.

Next steps

Over the summer school holidays we will be installing the temporary structures in time to welcome students on Day 1 Term 1 2025.

These include:

- install sewage and drainage systems
- conduct electrical and plumbing works
- pour concrete throughout the site for walkways and car park
- install the temporary building structures
- install COLA
- landscaping throughout the site.

School operations update

The school will be contacting parents and caregivers of all enrolled students at Box Hill Public School via email throughout January and will be providing a parent handbook to inform them about the operational elements of the new school and construction updates about the temporary facilities.

The information in these handbooks will include school start and finish times, lunch times, how to purchase school uniforms, OOSH, and usage of core facilities like the school library and canteen.

We thank the community for your patience as we deliver these important works.

Please note School Infrastructure will be closed from 5 pm Friday 20 December 2024 to 9 am Monday 6 January 2025, inclusive.
