

# Box Hill new primary school and high school

## Planning update | July 2024

### Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$3.6 billion for new and upgraded schools in Western Sydney. This targeted investment will ensure growing communities get access to a world class public education.

### Project overview

As part of this investment, planning work is well underway to deliver a new public preschool, primary school and high school for Box Hill.

These schools will be delivered as a priority, in addition to new primary schools for The Gables and Tallawong, a new high school for Schofields/Tallawong, and upgrades to Rouse Hill High School and Schofields Public School.

### Primary school opening in temporary facilities in 2025

The government is committed to fast-tracking the new primary school for the Box Hill community.

To ensure that local families can send their children to a local public school sooner, the new primary school will open in purpose-built temporary facilities on George Street, Box Hill. Our teams are working around the clock with the goal of delivering the temporary school in early 2025.

### Next steps

The intake area for the new school is being finalised and we look forward to sharing this in time for an information session in Term 3.
